In Raising the Submerged
War Craft—Submarine
Flotilla Worked All Night
—Hospitals In Readiness
to Receive Crew of the
F-4, if Any Are Found
Alive.

(ASSOCIATED PRESS TELEGRAM)
Honolulu, T. H., March 27.—The United States submarine F-4, submerged in the deep waters outside the harbor since early Thursday, is being raised slowly today. It is thought probable by the rescue workers the craft will be brought to the surface within a few hours.

(ASSOCIATED PRESS TELEGRAM)
Honolulu, March 27.—The lost submarine F-4, which has been located outside the harbor entrance, will be raised late this afternoon, if all goes well, according to a statement made by Captain of the Yard, Duffy, last night. Duffy says he believes there is a fighting chance to save the lives of the men imprisoned in the submarine on the ocean floor.

The dredger California, despatcher from the Pearl Harbor naval station in response to the radiogram, reached the scene at midnight, but did not begin work immediately. The dredger will work with the Alert, mother ship of the submarine flotilla. The pontoon system probably will be used to raise the F-4.

Chains will be passed under the bow and stern of the submerged submarine, the dredger sunk into the water and the chains tightened. The water then will be pumped out of the dredger, causing her to rise higher in the water, thus providing lifting power to raise the submarine.

The army department hospital is in readiness to receive the men of the F-4 when the submarine is raised. Cole, Ebert has placed his hospital staff and equipment at the service of the navy.

The weather is fine. The bright moonlight facilitated the work during the night.

After a night of unremitting labor those in charge of the fleet of vessels engaged in raising the F-4, believed they were nearing the end of their task.

When late yesterday the attempt to tow the submarine to shallow water was abandoned, the naval tender Alert was dispatched to the scene and it was decided to raise the damaged craft by means of the crane with which the tender is equipped.

It was planned to pass heavy chains about the hull and then hoisting operations were to begin.

To better carry out the plans of rescue, the inter-island steamer Claudine, towing the dredger California, arrived on the scene of operations, carrying chains and other supplies needed for the final effort. The vessels arrived shortly before midnight and found the naval tug Navajo holding fast to the submerged craft.

Then began the task of the work which officials declared would end when the disabled craft shall have been restored to the surface of the ocean.

Hardly had this work been started however, when it was discovered that a buoy which had been believed to be attached to F-4 was in reality an abandoned working buoy used by the submarine flotilla during practice. Although this discovery caused the formation of new plans of procedure, none of the officials expressed doubt.

Steubenville Officials Will
Be Investigated by Governor
And Other State Authorities

(ASSOCIATED PRESS TELEGRAM)
Columbus, March 27.—Governor Willis and Attorney General Turner, after a conference today, decided to make a thorough investigation of conditions within the city administration of Steubenville, against which charges of improper conduct were made by state auditor Donahoe several days ago in making public a report of state examiners on the financial affairs of the city. Assistant Attorney General Ballard will

SERIES OF EARTHQUAKES

Could Have Been No More
Appalling—Russian Offi-
cers' Quarters Shook Like
a Leaf and Ground About
Was Rent and Torn—
Skies Lurid From Can-
nonading.

(ASSOCIATED PRESS TELEGRAM)
Przemysl, Galicia, Tuesday, Mar. 23.—Via Petrograd, March 27.—and London.—The night preceding the surrender to the Russians of the Austrian fortified position at Przemysl, was hideous in the Russian lines with the roar of guns and the shock of exploding shells. Never on this frontier during the war has there been such a bombardment.

Standing outside the walls of the fallen fortress today a correspondent of the Associated Press heard the story of the besieged and the besiegers while the smoke of battle was still hanging in heavy clouds overhead. The night of March 21 and 22 the Austrians manifested an unprecedented fire upon the Russian positions. The but in which the Russian staff officers had their quarters, shook like a leaf, and the ground for miles around trembled as though rent by an unending series of earthquakes. All night long the sky was red with the bursting of shells. The cannonading reached its greatest intensity between four and six o'clock in the morning. Nobody in either army slept that night, although they were accustomed to weeks of bombardment. During these two hours 10,000 shells were fired.

Before dawn a scouting division of Russians drove back the Austrians who were in occupation of the outlying positions and after a sharp engagement occupied the Austrian trenches. Following this movement the entire Russian army facing the Austrians began to close in on them. As this advance was made, the Austrians from all sides retired to the protection of the fortress.

Suddenly telegrams began reaching Russian headquarters from various points, declaring that the Austrians were blowing up their forts. At the same time the Austrian fire slackened to a certain extent and above the roar of the artillery could be heard the deep roar of explosions from within the fortress.

The Russians continued advancing the men running forward among exploding mines. Occasionally, rifle firing was heard.

Towards eight o'clock in the morning of March 22, white flags began appearing over the tops of the Austrian forts. The Russian fire thereupon ceased. Under a group of Austrian officers under a flag of truce appeared, making its way from one of the forts in the direction of the Russian headquarters.

Soon from all directions Austrian divisions appeared walking quietly toward the Russian soldiers. The officers wore their arms but the soldiers were mostly unarmed. Others were observed throwing away their rifles as they came on. These Austrian troops spoke in friendly and kindly tones to the Russian soldiers and saluted the Russian officers. The river Vichora, a tributary of the San, separated the Russians from the Austrians for on one section of the front. At this point the railroad bridge had been blown up and the Russians had difficulty in crossing. The men made their way as best they could over the remains of the wrecked bridge, while the Cossacks swam their horses. The correspondent (Continued on Page 11, Col. 2.)

King Constantine of Greece and His Brother Prince Georgios.

Grecian Prince Will Support His Royal Brother

(ASSOCIATED PRESS TELEGRAM)
Brindisi, Italy, March 26.—(Via Paris, March 27.)—Crown Prince George of Greece, before leaving here today for Athens, declared he was going home to support his brother, King Constantine, in the stand he has taken regarding the attitude of Greece toward the war. Prince George said his country must conserve all her strength to command Balkan complications, retain the territory she had conquered and hold in check the ambition of other nations which would prevent the extension of Greek influence in territories which historically and racially belonged to her.

Christians Must be Protected In
Mob-Ridden Districts of Persia And
Grand Vizier Has Given Such Orders

(ASSOCIATED PRESS TELEGRAM)
New York, March 27.—The grand vizier of Turkey has issued instructions to his subordinates that all inhabitants of the mob-ridden section of Persia, including the thousands of Christians in the vicinity of Urumiah, must be protected, according to advices received from the state department today by the Presbyterian board of foreign missions.

Reports from Urumiah, made public yesterday, announced that the large village of Gulistan had been destroyed, its men shot and the women outraged and that sixty-five refugees had been taken from the French and American mission compounds and hanged on scaffolds erected in the French mission yard.

A massacre impended, according to this message, which had been delayed in transit and was several days old when made public.

The communication from the state department was signed by Robert Lansing, counselor of the department and was written under date of yesterday.

Mr. Lansing advises us, said George T. Scott, assistant secretary of the board, "that Ambassador Morgenthau at Constantinople had communicated to the grand vizier the request of the state department for protection of Americans in the vicinity of Urumiah. The grand vizier, the letter says, expressed the belief that the reports of outrages there were inaccurate and told Mr. Morgenthau he would immediately instruct his subordinates to protect all inhabitants of the section, including of course, the Christians."

Mr. Morgenthau's cablegram, the letter said, was dated March 24 but did not reach the state department until March 26, having been delayed in transit two days.

Mr. Scott added that the board was also apprehensive as to the safety of American missionaries in the district as it had been before. He thought that Mr. Allen, the American missionary beaten by pillaging Kurds had probably stood guard at the gate to the mission and had received the rough treatment accorded him because he resisted the mob which was intent upon reaching some of the native refugees inside.

STATE DEPARTMENT
MAKING EFFORTS TO
SAVE MISSIONARIES.

Washington, March 27.—Efforts to have adequate measures taken for the safety of American missionaries and refugees near Urumiah, Persia, were continued today by the state department. Turkey had informed the United States that relief would be hurried to the scene, where a Kurd uprising threatened a general Christian massacre, but the number of troops to be sent and other proposed details of the expedition were not yet known.

The state department's renewed efforts were made after the Presbyterian board of foreign missions at New York received alarming reports of atrocities at Gulistan, Persia, a few miles from Urumiah. It was declared sixty men had been taken from the American mission compound and hanged.

Both Mexican Factions
Notified Not to Fire In
Direction of Brownsville

(ASSOCIATED PRESS TELEGRAM)
Brownsville, Texas, March 27.—The Villa siege of Matamoros, the Mexican town opposite here, began about noon today. Cavalrymen opened heavy rifle fire on the breastworks west of Matamoros near the Rio Grande.

Simultaneously the cavalry, totaling 5,500 men, began spreading to surround the city on the west and south. A Villa officer told the Associated Press correspondent that artillery is due to reach the firing line sometime this evening.

(ASSOCIATED PRESS TELEGRAM)
Brownsville, Tex., March 27.—Owing to grave apprehension that shrapnel will fall in Brownsville in the battle expected at Matamoros, opposite here, Colonel A. P. Blocksome, commanding the United States lower border cavalry patrol here, today sent word to both forces to avoid firing in any manner to endanger American lives and property.

Matamoros, the Mexican town, apparently was ready today for siege by an approaching Villa army, whose advance guard was within cannon shot of the city's outer defenses.

These defenses are of three sorts. First, there is a line of yellow earth breastworks, 12 to 15 feet high, and wide and strong enough on top for passage of an automobile. These breastworks enclose the city on the two sides west and south, while the Rio Grande curves around the other two sides. Along the breastworks line at regular intervals are machine structures, apparently, of brick which house machine guns.

Inside the breastworks there are long stretches of practically open ground before the city proper is reached.

On the western edge the city is curtained off from this open space by continuous lines of box cars, disposed in the railroad yards to catch stray bullets.

Villa's troops are approaching from the west from which quarter the hardest attack is expected. Matamoros is about a mile and a half from Brownsville.

LOVE CULT

LEADER HAD A VISION DIRECT-
ING HIM TO DISCLOSE ALL
SECRETS

In Connection With the Death of
Pretty Young Quaker Girl at
"all" Home.

(ASSOCIATED PRESS TELEGRAM)
Allentown, Pa., March 27.—"Apostle" Perry A. George stated today to Chief of Police Francis, of this city, that during the night he had a vision directing him to lay bare all the facts in connection with the love cult house known as the Church of the Kingdom of God, and the death of Amy Tanner, pretty Quaker girl, who died after being taken from the house.

Chief of Police Francis announced that he will conduct an investigation independent of the county officials. To this end he has subpoenaed several witnesses. "Sister" George, the "spirit" of the "apostle" is expected to return from Cleveland to test before the coroner.

The inquiry here Friday resulted in nothing important except a de-

Most Ohio Miners Are In
Destitute Condition As
Reported by Department

(ASSOCIATED PRESS TELEGRAM)
Columbus, March 27.—Simultaneously with the receipt today of appeals for further contributions of food and clothing from miners' families at Hawks, Vinton county, the mining department of the state industrial commission, stated that the condition of the miners in Ohio is "positively destitute," despite recent reports that all except 18,000 in the eastern Ohio coal field are working.

"The average weekly wage of miners in this state is not more than \$3, according to information received here," the state mining department stated. "Even in the Hocking valley region, where it has been reported miners are working, the actual wages received are not enough to support the men and their families. Most are working less than half time."

Miners at Hawks have appealed repeatedly to the industrial commission recently for food and clothing. A quantity of potatoes was sent them today.

HOPE DECREASING OF
SAVING ANY OF CREW
OF THE LOST F-4.

(ASSOCIATED PRESS TELEGRAM)
Washington, March 27.—Every hour that passes without favorable word from Honolulu, lowers the hope that any of the men in the sunken submarine F-4 may be alive. While there is always the possibility of a miracle, naval authorities are agreed that it would be little short of miraculous if any of the F-4's crew should survive their fearful ordeal.

Secretary Daniels and his aides anxiously awaited some word from Rear Admiral Moore or the commander of the submarine flotilla, upon which they might base some hope,

WILSON AND TAFT
WILL HELP TO LAY
CORNER STONE TODAY.

(Associated Press Telegram.)
Washington, March 27.—President Wilson and former President Taft will be chief figures at the corner stone laying ceremonies for the permanent headquarters of the American Red Cross here at 3 o'clock this afternoon. President Wilson will lay the stone and Mr. Taft will make the principal address. A tremendous throng—which will include cabinet members, justices of the supreme court and members of the diplomatic corps—is expected to witness the ceremonies.

EDWARD HANLEY
DIED IN A CHAIR
AT DAYTON HOME

CHAIRMAN STATE DEMOCRATIC
STATE CENTRAL COMMITTEE
VICTIM BRIGHT'S DISEASE

Deceased Was Prominent in Politics
and Was at One Time Candi-
date for U. S. Senator.

(ASSOCIATED PRESS TELEGRAM)
Dayton, O., March 27.—Edward W. Hanley, 57, chairman of the state and county Democratic central committees, died at his home here at 9 o'clock this morning.

He had been in failing health for almost a year and Bright's disease and heart trouble were the immediate causes of his death. He was born in Dayton and at the time of his death was president of the Dayton Gas company. Mr. Hanley was at one time Democratic candidate for United States senator for the seat now occupied by Senator Pomerehne.

A widow survives him. Mr. Hanley had but recently returned from a health resort where he had endeavored to regain his lost health, but gradually declined. He died sitting in a chair at his home.

POLITICAL CIRCLES
KEENLY REGRET THE
DEATH OF HANLEY.

(ASSOCIATED PRESS TELEGRAM)
Columbus, March 27.—News of the death of Edward W. Hanley, while not unexpected, was received with keen regret in official and political circles at the state capital. Mr. Hanley was recognized as a skillful and astute political leader. His leadership in the Democratic campaign in 1908 with the result that Judson Harmon was elected governor made him a national figure.

MORE BOMBS ARE
THROWN BY GERMANS

(ASSOCIATED PRESS TELEGRAM)
Paris, Mar. 27.—Via London.—Both Calais and Dunkirk were visited by German monoplane this morning, but neither town was damaged. Six bombs were thrown on Dunkirk and one on Calais.

SISTING EFFORT

INTERVENTION OF POPE

Has Not Been Sought By
Francis Joseph, Accord-
ing to Papal Reports, As
a Result of Depression In
Austria Over Przemysl's
Fall—Slight Advance of
Allies In West.

(ASSOCIATED PRESS TELEGRAM)
London, March 27.—Russia today for the third time holds the gates to Hungary and British observers are virtually united in the expectation that the Teutonic allies will make a supreme effort to prevent the forces of Emperor Nicholas from again pouring into the Hungarian plains.

Meagre reports from Vienna indicate that there is some depression in Austria on account of the fall of Przemysl, but on the other hand the papacy denies that this has resulted in overtures from Emperor Franz Joseph, in an endeavor to obtain the intervention of the Pope on behalf of a separate peace.

The fall of the Austrian stronghold in Galicia also has had the effect of increasing the possibilities of sudden development in the near eastern situation, but so far Italy and the Balkan states are still stubbornly "sitting on the fence," which position they are liable to maintain, in the opinion of a notable section of the British press, until such time as the fighting in the Dardanelles has produced some definite results.

The only advance of the allies along the western front consists of the capture by Belgian forces of a farm to the north of St. George, which probably completes the capture of a position occupied in part at Christmas time.

In England, the labor unrest again has manifested itself. In this connection the belief is growing that the government soon will take some measures to restrict drinking, but it is not likely to enforce such drastic prohibition as has been made effective in Russia and France.

In Holland there is a growing sense of injury over the unfortunate situation of Dutch shipping which a leading Netherlands paper describes as suffering from "a completion of illegality in marine warfare."

ITALY PREPARING
FOR INEVITABLE

(ASSOCIATED PRESS TELEGRAM)
Rome, Mar. 26.—Via Paris, Mar. 27.—Every measure possible has been taken by the Italian government preparatory to the beginning of hostilities by Italy on the side of the allies.

BULGARIA HOPES
TO JOIN ITALY IN
FAVOR OF ALLIES.

(ASSOCIATED PRESS TELEGRAM)
Rome, March 26.—(Via Paris, March 27.)—Close observers here of the Balkan situation profess to see indications of a gradual tendency on the part of the Bulgarian government to adopt a policy favorable to the allies. It is believed Bulgaria hopes to act jointly in that direction with Italy and Rumania.

Thos. F. Buchaker, 78, died at the state hospital at Columbus, this morning at 7:30 o'clock. He was admitted to the state institution a year ago last February from this city.

Supreme Court Will Decide
Validity of Vonderheide Law,
Early In the Coming Week

(ASSOCIATED PRESS TELEGRAM)
Columbus, March 27.—The question of validity of the Vonderheide conservancy law, now in some doubt as a result of Attorney General Turner's opinion that all emergency measures passed by the legislature must have a two-thirds vote, will be decided by the supreme court probably early next week. This statement is made on reliable authority that the court has practically, although not officially granted the motion of Prosecuting Attorney Duncan of Franklin county, who yesterday asked the court permission to amend the present quo warranto proceedings before the court, to include the question of the conservancy law's validity.

The quo warranto proceedings which have been argued before the court and are considered ready for a decision, were filed by the prosecutor in a friendly suit to determine whether directors of conservancy districts could levy assessments for preliminary work. It is understood here by state officials that the motion to include the validity question in the proceedings would have been granted officially today, but the absence of Chief Justice Nichols from the city held up any entry on the record until he returns.

WEST VIRGINIA IS OFFICIALLY, NEARLY "BROKE"

CAPITOL OFFICIALS PAYING FOR
POSTAGE STAMPS FOR THEIR
DEPARTMENTS.

School Teachers in Need of Funds
Discount Warrants at Banks for
Six Per Cent.

(Associated Press Telegram)
Charleston, W. Va., March 27.—Officials in the capitol were today personally paying for the postage stamps used in their departments because Uncle Sam does no credit business and the state of West Virginia has very little money for current expenses. Hundreds of school teachers throughout the state took their monthly pay warrants to banks where they were discounted at six per cent, or if they were not in need of funds, they laid the warrants away until such time as the state can redeem them. More than 150 of the 225 persons employed at the state house were passed by the paymaster when he made his usual monthly round and J. S. Darst, auditor-general, arranged with banks to take care of the em-

ployes of state institutions in other communities.

These hard times have come upon official West Virginia because the late legislature, in spite of a special session, called to enact tax laws, failed to appropriate enough money to run the government. Normal monthly expenses are \$200,000, while the amount available at this time is only \$75,000, leaving a deficit of \$125,000. The emergency fund is practically exhausted and so serious has become the situation that a number of legislators have suggested that another special session be called, at which all members will serve without pay until the laws necessary to provide the money can be passed.

COW TESTING

OPPORTUNITY FOR MILK PRODUCERS TO FORM ASSOCIATIONS FOR THIS PURPOSE.

Prof. Oscar Erf, of O. S. U., the leading authority of Ohio on the subject of dairying, also Mr. H. P. Davis of the dairy division of the National Department of Agriculture, headquarters Washington, D. C., will speak at Newark, O., Monday, April 5, 1 p. m. standard time, at Taylor Hall, Y. M. C. A. building. Admission free. All farmers interested in owning better cows and producing more milk per cow because of proper feeding, should attend this meeting.

These associations are run by the dairymen themselves. If you are a dairymen come and help decide whether you will form an association which for a small monthly membership fee is capable of maintaining by means of a trained man employed for the service of all, a constant test record of your herd and thereby showing you at all times whether you are getting a proper return for the feed your herd is consuming.

These experts who will speak are provided by the generosity of the government, and it is desired that all dairymen be present.

The incidental expense and the general promotion and supervision of this meeting is being provided for by the undersigned company in the general interest of the dairy industry of the community.

LOCAL LODGES WILL JOURNEY TO THE POINT

A. J. Boecking, excursion agent for Cedar Point, was a visitor in the city Friday in the interest of the Moose annual field day which will be held at the popular Lake Erie resort this summer.

The local Moose drill team, accompanied by a large delegation, will attend the festivities and in all probability a special train will be run to the Point. The annual Jewett excursion will take a large number to the popular resort this season and it is understood that arrangements are making at Zanesville for one big excursion to Cedar Point during the Elks annual state meeting in August, which in all likelihood will be joined by the Newark delegation in case they do not run an excursion of their own. Mr. Clyde Reasoner of Zanesville is president of the state association of Elks and at a recent meeting of the local lodge it was decided to send a big delegation from this city to take part in the week's festivities which will be under his able direction. It promises to be one big frolic and all who have attended previous meetings attest that they have had the time of their lives.

Cedar Point has attained the reputation of being one of the finest resorts in the country and many improvements are under way for this season which will still further its popularity as a place of rest and recreation, that is, those who are looking for that form of diversion. For the amusement seeker there will be scores of concessions of the highest class, including the thrilling hydroplane flight over the island and bay. It's going to be one big outing at Cedar Point and plenty of New Yorkers will be there to participate in the gaieties.

HAIR COMING OUT?

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Danderine at any drug store, pour a little in your hand and rub it into the scalp. After a few applications the hair stops coming

In Common Pleas.

In the case of Frank Queen vs. Ida Queen, a suit for divorce, the court heard the evidence on both sides of the case and took the matter of granting or refusing a divorce under advisement.

Vinyl Herenden vs. the Board of Education of Hanover township: heard to the court on a motion to dissolve a preliminary order of injunction, and the court took the matter under advisement. In this case the plaintiff brings the suit to restrain the issuing of bonds in the sum of \$25,000 for the purpose of building a high school building at

Toboso, plaintiff claiming that the proceedings leading up to the issuing of the bonds are irregular and unlawful.

W. F. Clary vs. Ben B. Jones, et al., commissioners of Licking county motion for a new trial argued and submitted to the court. Plaintiff brought the suit to recover damages for injuries to an automobile, caused by running into an open bridge east of this city some months since. The court after the submission of plaintiff's evidence, directed a verdict to the defendant, and plaintiff now asks for a reversal of this action of the court and asks that he be granted a new trial.

RED CROSS

OF AMERICA OFFERS TO COMBAT
UNSANITARY CONDITIONS
IN SERBIA

That Government Gratefully Accepts
Overtures, and a Medical Commission, Will Go.

(Associated Press Telegram)
Nish, Serbia, March 27.—Via London.—Charles J. Vopicka the American minister to Serbia, has informed the Serbian government that the American Red Cross society, acting in conjunction with the Rockefeller commission purposed to send to Serbia a fully-equipped medical commission to combat the existing unsanitary conditions in the country. The Serbian government has gratefully accepted Mr. Vopicka's offer.

Health conditions in Serbia have recently been described as appalling. Typhus is raging throughout the country and other contagious diseases prevail. Recent travelers in Serbia have said that hardly enough people have been spared by typhus to bury the dead. Victims are found lying in the roads and hospital conditions have been described as utterly inadequate and shocking.

An American Red Cross unit was sent to Serbia several months ago. Its members labored heroically, but the task was of course, beyond them. Dr. James F. Donnelly, of this American organization, died at his post and others of the American doctors together with nine of the nurses have been ill.

Lady Paget, the wife of Sir Ralph Spencer Paget and a granddaughter of the late Mr. and Mrs. Parson Stevens of New York is reported to have died from typhus fever in Serbia. She was at the head of the British Red Cross mission in that country.

Justice Scott's Court.
J. R. Rutherford was haled into Squire Fletcher S. Scott's court Friday on the affidavit of George E. Beck, who claimed that Rutherford had secured \$7 from him in claiming that he had funds on deposit at the Newark Trust company subject to check. Mr. Beck cashing a check in the above amount. The defendant was released on his own recognizance and his hearing will take place Saturday.

Granted a Divorce.
William H. Blackstone, a miner, has been granted a divorce by Probate Judge Robbins. Hunter from Elizabeth Blackstone on the grounds of the defendant's wilful absence for a period of nine years. The parties were married Dec. 20, 1904.

The Rumanian Government has commenced work on a tunnel under the Danube River to connect with territory recently acquired.

NOTICE OF APPOINTMENT.
Estate of William N. Fulton, deceased. Grace Fulton, has been duly appointed and qualified as administrator of the estate of William N. Fulton late of Licking county, Ohio. Dated this 14th day of March, 1915.

Electric Light Discussion

Editor of the Advocate.

Relative to bond issue for electric lights and municipal ownership, there have been made many statements relative to costs of manufacture of current by the city based upon ESTIMATES or GUESSES. This is supported by the statements to the effect THAT THE METER WAS AND IS OFF and by the varying estimates of cost production in the past and future and many arguments have been made by THEORISTS and others who favor city ownership at any cost, based upon and supported by purported reports or juggled figures of distant cities, even referring to foreign lands. As a matter of fact we do not have to go out of Ohio to secure actual cost statements based upon ACCURATE records, even to the pound of coal used per k. w. Columbus, O., report showed a cost of more than 2 cents per k. w. hour. Hamilton, O., a city only 30 per cent larger than Newark, has and owns her own city light, gas and water plants, and has for sometime. Therefore their official report is interesting and should be so to CITY OWNERSHIP PEOPLE.

The following is compiled from the official reports of director of service and auditor of Hamilton, O., and may be will surprise some people:

Value of electric light plant ... \$252,183.00
Interest at 4 per cent ... \$10,087.32
Depreciation at 8 per cent ... 20,174.64
Annual payments on bonds (average for 19 years) yet due and interest not taken account of ... 10,263.10

Same on combined water, gas and electric light bonds (refunding) to amount of \$190,000 NOT considered as electric light portion of same is not known to us ...

Expenditure of manufacture alone ... 19,806.72

K. w. h. generated 2,837,135 at cost of ... 60,331.76

Cost per k. w. h. ... 2.16

The above does not include office expenses, distribution, extensions, etc.

In speaking of the operation of the plant at Hamilton, the director of service in his report from which the above is taken states "THE PAST YEAR HAS BEEN THE MOST SUCCESSFUL ONE IN THE HISTORY OF THE PLANT," and yet the above items of cost which do not include all of the cost items shows a cost of \$2.16 per k. w. h. of current.

C. B.

From Barch Smith.

Editor of the Advocate:

"Buy or Manufacture, which?" editorial was surely the most sensible argument against municipal ownership that has been offered so far. The fact that American cities give officials to positions they cannot well fill is true. You also say municipal ownership under certain conditions would be ideal. Would it not be one of the best things you could do for Newark to help bring those conditions about? Municipal ownership of itself goes a long way towards correcting the faults you have to find with our present condition. It has made a better class of officials and cleaner local politics in almost every city where it has been tried. A campaign for municipal ownership educate the voters as to what they should have the way of public officials and causes them to look to see if they are capable men for the office they have or desire. The voters of this city know more about their light and water plants than they ever did before and the man not capable of running them will have a hard time holding office in the future. The mayor, when he appoints a service director from now on will have to get a good one if he expects any support. Any man capable of running our present plants will be able to run a \$30,000 light plant in connection with them, and any man not able to do so cannot handle our present plants and will not be in office long. A man with a good record back of re-election on this alone, and will not have to resort to personal issues, religion, or the like to stay in office. This helps for cleaner politics and will allow better men to try for office. Don't you think it should be given a chance just for that? Mr. Horn seems to have overlooked several important things in his amusement. Does he know of any property for rent where the rent is less than the taxes?

Does he know that more than one-half of the taxes of Newark is paid by renters? A great many taxpayers, so-called, would not be taxpayers without renters. Most important of all he forgets that the Mr. Voters he calls on for help are renters. Will they take kindly to his saying they have no interest in this? As for good men to run the plants, the city pays more than the Ohio Light & Power company for men, so we should be able to get as good men as they do. If he would have taken the trouble to look up the record of that heater he mentions and compared its service record with any equipment his company has I don't think he would have said a word.

He talks of their coming here without a bonus and we might ask where else could they have taken their plant? It is known to all but him that a company of that kind generally pays something to a city for a franchise. Perhaps he can tell the reason for that two cents difference in the rate between Newark and the surrounding towns. Lorain, O., saved \$192.00 in four months by putting a plant in their high school building.

Surely Newark will not drop behind other cities. You will notice that cities that own their light and

water plants are the ones that are growing best. Manufacturing people know that a city that has men at the head of it that can make such plants pay can run the city as it should be run. We have that kind of men in Newark, so give them a chance to save you money.

BARCH SMITH.

Why Endanger the Sub Way?

Editor of the Advocate—The South Side Home Owners are too deeply interested in the problem of the Sub Way to allow any other proposition to endanger it at this critical time. The South Side Home Owner has just now serious thoughts about the property value of his home. After so many years of broken promises he is more deeply interested in the property value of his home than ever before. And just at this time the writer would like to know why it is that \$30,000 bond issue has been forced to a vote on the 30th day of March?

Since the mistake that was made in advertising the Sub Way bonds, and they are to be offered again on the 10th of April, the serious thinking South Side Home Owner would like to know why it was that the electric light bond issue was not ordered to be voted for on the 30th of April, instead of the 30th of March? After so many years of disappointment which has been so detrimental to the values of all South Side property it only takes a moment of serious thought to see plainly the great danger to the Sub Way proposition would be another bond issue preceding the Sub Way bonds.

It is seen, too, that the principal arguments offered by the advocates of the electric light bond issue are based on boosting the eccentric city official who made the mistake in advertising the Sub Way bonds that caused their illegality and thus caused the bond buyers to refuse to take the bonds after they had bought them.

The question of municipal ownership is not the most important one to be considered at this critical time by South Side property owners.

When the Ohio Light and Power Company will sell the current to light the city at a less price than the cost of the fuel, an electric light bond issue can be submitted to a vote at any time, either one year or five years from date.

The South Side property owner does not want any menace to the Sub Way proposition just at this critical time.

If new and better boilers are needed at the Water Works plant, as is probable, why not pay for them out of the large reserve the city is receiving for the water rents from the several thousand citizens who are water consumers?

The real question is why endanger the complete success of the great Sub Way proposition at this critical time? Have not property values in the South Side suffered long enough by the dodging, trickery and breaking of promises for so many years? SOUTH SIDE HOME OWNER.

Theatres

Gem Theatre.

The All Star Feature Co. presents Monday "The Jungle," on Sinclair's wonderful story of the beef packing industry in 5 wonderful parts featuring George Nash and Gail Kane also "His Luckless Love," a roaring Keystone comedy Tuesday a thrilling 2 part Majestic drama "The Forged Testament," featuring Chas. Clary and Mutual Weekly.

AUTO DEALERS ENTERTAIN HELPERS WITH ENJOYABLE BANQUET; FIFTY PRESENT

The climax of Newark's Second Annual Automobile Show was reached Friday evening, when, more than fifty strong, the men, who for the past week have withstood the vicissitudes of March weather to demonstrate their cars, gathered at Kuster's restaurant to enjoy a banquet and indulge in the pleasures of good fellowship.

This affair was the second banquet of the week for the automobile dealers, last night's get-together meeting, however, was for the purpose of entertaining the out of town salesmen, and representatives and the judges of the window displays, who have contributed their share of work toward making this year's show the success that it is now recognized to be.

At the conclusion of the banquet, W. W. Gard, chairman of the committee chosen by the dealers to judge the various window displays made by the merchants in the Arcade, and Arcade Annex, of which committee, F. L. Beggs and Walter Symonds were also members, announced that Mrs. Altha McBowen's Leanty Parlors had been awarded the \$10 prize for the most attractive window display.

In announcing the winner, Mr. Gard said that the task of judging the various windows had not been an easy one for so many things had to be taken into consideration, such as appropriateness, artistic arrangement and individuality, that the committee had been more or less up in the air until a secret ballot was taken among them. The result of the ballot, according to Mr. Gard, was two for Mrs. McBowen, and one for an unannounced display.

Mr. Gard complimented the automobile dealers upon the excellent show of good fellowship made by them at last night's banquet. He said that success was bound to come to them if they continued to display the

same co-operation that was apparent at this get-together meeting. At the conclusion of the banquet, Ira P. Madden of Columbus, a director in the Columbus Automobile Dealers' Association, and treasurer of the Columbus Auto Show, who visited Newark in the interests of the Maxwell motor cars, stated to an Advocate reporter that he considered Newark's show equal in every respect to the Columbus show.

"You have more than thirty-five cars on exhibition," said Mr. Madden, here in the Newark show. In Columbus we only had fifty-five cars, not fifty-five different makes, on exhibition. I consider the Newark show a wonderful success."

Practically every one of the out of town visitors said they were agreeably surprised at the turn out in Newark and that they would carry the word of what this city has accomplished in the way of an auto show.

Out of town visitors, L. D. Pickering, Bucyrus, state agent Allen car, R. H. Kissinger, Columbus, Kissel car, C. B. and Roy Gordon, New Lexington, Westcott cars, S. S. Anderson, Columbus, O., Empire and Apperson cars, G. T. Kirk, Hebron, Empire cars, J. T. Powell, Kokomo, Ind., representative Apperson Bros. Auto Co.; Taylor, M. Bishop, Alexandria, O., Empire cars; L. W. Waitall, Detroit, Mich., Cadillac Motor Car Co.; W. D. Paradise, Cleveland, O., Ohio Buick Co.; J. A. Korphe, Flint, Mich., Chevrolet Motor Car Co.; H. E. Wilothunalam, stakenhNTin; Chevo, g son, Columbus, Paige car, Gil Owen, Detroit, Mich., Studebaker Corporation, Chas. E. Doan, Toledo, Blevins Auto Sales Co.; N. M. Johnson, Columbus, field agent for the Briscoe cars; John R. McLaughlin, Columbus, Paige cars; R. P. Atkinson, Columbus; Ira P. Madden, Columbus, director of the Columbus Automobile Dealers' Association; M. P. Wilson, Columbus, Allen car; O. C. Norris, Utica.

DENISON

WON THE DEBATE WITH BOTH CINCINNATI AND OHIO UNIVERSITIES.

Phi Delta Theta Chapter Established at Granville—Several Social Functions Friday.

(Special to Advocate.)

Granville, March 27.—Four debating teams of Ohio colleges in a quadrangular match last night, upholding the negative side of the question of increase of naval expenditures, defeated four teams defending the affirmative side of the question. Ohio, Denison, Miami and Cincinnati Universities had two teams each on opposite sides of the question. In no case did the team arguing for increase of expenditures win the decision. The results were as follows: Ohio defeated Miami at Oxford, Denison defeated Ohio at Athens, Cincinnati defeated Miami at Cincinnati, Denison defeated Cincinnati at Granville. The result of the debates was most gratifying to Denison's friends.

Denison again is honored! This time the activities are in fraternity circles as Phi Delta Theta has granted a chapter to Denison into which members of Alpha Nu Sigma whose home for the past two years has been the Dr. Colwell property on Prospect Hill, are to be inducted this afternoon. For two days this fraternity has been the center of many sessions conducted by the National president of Phi Delta Theta, Dr. Guy Potter Benton, president of the University of Vermont. Yesterday in addition to the two business conferences, there was a reception to Alpha Nu and the visiting Phi Delta Theta men by the Chi Psi Delta Sorority in their chapter house. At 5 o'clock yesterday afternoon Dr. Benton read the proclamation of the general council taking over the Alpha Nu Sigma property in the name of the fraternity, and in the evening there was a smoker. Today there are two conferences, and at 4 o'clock the formal installation will be conducted by Dr. Burton in Cleveland Hall. Twenty-five active, and twenty-seven alumni members of Alpha Nu Sigma will receive their "accolade" and after today the Denison chapter will be Ohio Iota of Phi Delta Theta, with hundreds of congratulations from friends of Denison everywhere. An afternoon reception to the newly created chapter and visitors will be held at the Sigma Delta Phi sorority in Park Drive. In the evening there will be a banquet with covers laid for one hundred. Alpha Nu Sigma, the youngest of the Denison fraternities is eminently worthy the honor conferred, and will hold her own on all matters pertaining to the fraternity code. The president, Mr. H. C. Overturn is a Newark boy, who is highly revered of the confidence reposed in him by his fellows. Among the prominent visitors who have been assisting in the ceremonial of initiation are Campbell S. Johnson, John J. Elmer, and Cincinnati; Thomas A. Davis of Goshen, Ind.; George Banta of Measham, Wis.; Rev. Dor Tullis of Newark, O.; and Prof. C. E. Goodell of Denison. Dr. John Edwin Brown of Columbus.

The W. C. T. U. enjoyed a most delightful and helpful program yesterday afternoon at the home of Mrs. Sarah Myers in West College street. Mrs. Alice Alward was leader of the program, the topic being "On the Ground," between suffrage and anti-suffrage. Assisting Mrs. Myers were Mrs. Haines and Mrs. Lucy Van Kirk, the county president. The next meeting will be with Mrs. Alward.

Mr. and Mrs. Howard Darrow and daughter Miss Josephine, motored to

Columbus this morning. Mr. Darrow will go on to Chicago on a business trip, returning next week.

The Denison student that has been grooming for the Central Association tournament of the Amateur Athletic Union of the United States now being held in Cincinnati, is on the ground, accompanied by Coach Livingston and Manager Fox. In addition to the regular line, Nelson Rupp and Don Ladd have been added to Denison's eligible Rupp should prove an important factor during the Cincinnati tourney. Last night Denison defeated the Cincinnati Athletic club 19-16; the Illinois Athletic club 19-16; and tonight the Denison team will play the Illinois Athletic club for the championship of A. A. U. of the United States, probably the greatest ball game ever played by an Ohio team in Ohio. If Denison wins, there will be a jubilee!

President Guy Potter Benton of the University of Vermont was guest of honor at a dinner by President and Mrs. C. W. Chamberlain last evening.

Prof. and Mrs. C. E. Goodell entertained Mr. George Banta and Mr. Thomas A. Davis at dinner last evening at their home in College street.

The meetings in the Methodist church are being well attended. Next week Rev. Mr. Hawk will be assisted by Granville pastors. The Denison Gospel Team has been doing effective work.

EXPERTS SAY BLAIR TRUCK IS A WONDER

The Blair Manufacturing company entertained the dealers and out-of-town agents with a trip over the city Friday evening. More than forty persons were passengers on the car and enjoyed the trip very much. It was a novel trip for all of them who have not heretofore had the opportunity to ride in the gaso-electric automobile.

The dealers and agents were free to admit that the Blair idea is unique in automobile construction and that there is no reason why the new idea should not be a great success.

Among the out of town visitors were a number of experts from the big factories, including: J. T. Powell of Kokomo, Ind., L. W. Whitall of Detroit, Mich., from the Cadillac Motor Car Co.; W. D. Paradise of Cleveland, O., representing the Buick factory; J. A. Korphe of Flint, Mich., with the Chevrolet Motor Car Co.; Gil Bowen, with the Studebaker Co. at Detroit, Charles E. Doan of Toledo, and Ira P. Madden, director of the Columbus Automobile Dealers' association. In addition there were many sales agents from different sections of the state.

The gaso-electric demonstration was under the personal direction of Frank M. Blair, inventor of the gaso-electric truck, and the party was taken out Granville street to Sixteenth street, the log bus being under perfect control at all times. It was moved down until it was almost impossible to see it move. Then it was made to take a steep hill and afterwards made all kinds of stops and starts.

The members of the party were enthusiastic for the possibilities of the Blair truck. They were unanimous that it had a great future before it and said that Newark was indeed fortunate in having a chance to secure a factory for their manufacture. All were of one consensus of opinion regarding the Blair gaso-electric car, that it was the most flexible piece of mechanism that they had ever seen or ever expected to see.

Obituary

Samuel Guy, aged 72 years, died at the family home in Zanesville, Friday after an illness of two weeks. He was one of the oldest members of the St. Paul A. M. E. church and had been identified with the growth of the church from an early date. He was favorably known to a large circle of friends. He leaves to mourn his widow, one son Harry P. Guy of Detroit and one daughter Miss Jessie R. Guy of the home. D. M. Guy, Newark mail carrier is a brother.

Mrs. Ella Burley Felton.

Ella Burley Felton died March 21 at the home, one mile east of Mt. Sterling, Muskingum Co., after an illness of several months duration. She was united in marriage to Arthur O. Felton, Feb. 6, 1907 and to this union were born three children, James A. and Catherine (twins) the latter dying in infancy, and George D. She leaves besides the husband, and little sons, four brothers and three sisters, A. H. Burley of Florida, Frank Burley of Gratiot, G. W. Burley of St. Louis, Mo., J. W. Burley of Chicago, Mrs. Chas. Pitzer of southwest of the city, Miss Etta Burley of Hutchinson, Kansas, and Mrs. Rufus Minnich of Zanesville. The deceased was also a cousin of the late Chas. Bolin of this city. Mrs. Felton was a member of the Mt. Sterling Methodist church since girlhood.

Funeral services were conducted by her pastor, Rev. Mr. Howard, Wednesday, March 24th, at 10 a. m., at the Timber Run Baptist church. Interment in the cemetery adjoining.

Mrs. Stuck's Funeral.

The funeral of Mrs. J. F. Stuck will be held Sunday afternoon at 2:30 o'clock at Fifth street Baptist church, Rev. C. H. Stull officiating. Burial at Cedar Hill cemetery.

Mrs. Donnelly's Funeral.

The funeral of Mrs. Lillian Rowe Donnelly was held Saturday afternoon at 2 o'clock at the T. A. Bazler undertaking parlors in East Church street. The body was placed in a vault at Cedar Hill cemetery.

Mrs. William Fleming.

Mrs. William Fleming, 70, died at her home near Perryton at 1:00 o'clock today, after a six months' illness of a complication of ailments. She is survived by her husband and three children, Mrs. William Shaktel of Columbus, and Mrs. Alta Anderson of the home and Frank Fleming of Perryton. Funeral arrangements have not been completed.

George Livingston.

George Livingston, sixty years of age, died suddenly this morning at his home on the northern outskirts of Hanover. The family had just finished breakfast and Mr. Livingston had not complained of any illness. He arose from the breakfast table shortly before seven o'clock and fell over, suffering from a paralytic stroke and expired a few minutes thereafter. He was a well known farmer and is survived by a wife and two sons, James and George. Jr. The funeral will occur Monday from the Rocky Fork church and interment will be made in the church cemetery.

Card of Thanks.

We desire to express our sincere thanks to those who so kindly assisted us during the death of our wife and mother, also Rev. Madden and Evangelist Irwin for their consoling words. Mrs. Newcomer and Mrs. Fletcher for their singing and the beautiful floral offerings. D. W. Turner and children.

LOVE CULT

(Continued from Page 1.)
scription of the conduct of inmates at the "love cult" house. Ray Lambert, son of Mrs. Albert Lambert, owner of the house, testified that members of the cult engaged in promiscuous kissing. Laura Hall, a cult convert, said Amy Tanner had told her of an operation to which she had submitted several years ago.

Assistant Prosecutor Henry Hartler, Jr., announces that the chemical analysis of the issue from the Tanner girl's stomach, now under way in the state laboratories at Columbus, will not be completed before the latter part of next week.

Common Pleas Court.

In common pleas court on Saturday the court heard the arguments of counsel in the case of Park DeCraw and Ida DeCraw vs. the Bennington Gas & Oil Co., stockholders and officers. The suit was brought to require an accounting of the property of the defendant corporation received by defendants upon the distribution of the assets of the company. The arguments were made upon motion and demurrer to the answers filed in the case. The court reserved his decision.

ACRE LOTS.

I have ten choice acre lots on Raccoon avenue, and Sixteenth street, between Granville and Church streets. Will sell single or as a whole. The land is good, rich soil, perfect for gardening and truck raising. Ideal for profitable suburban home. Six acres have already been sold off of this tract of land. Ask these owners what they think of their purchase. Look them over and buy now, even though you are not ready to build, a crop on them will go a long way toward paying for them this season. Price right, you can't equal them.

SHAUCK'S REAL ESTATE BULLETIN Over Franklin Bank

Taxes and Rent

Editor of the Advocate:

I heard a man say the other day, "I don't pay a cent of taxes—what do I care about how much this city is in debt? I am for the bond issue. I asked him if he rented a house, and he said yes. How easy it is to be mistaken. This man thinks he pays no taxes. How about it? He pays rent for his house, and what does that money do? I'll tell you what it does. It gives that landlord a sufficient amount of money each year to pay the taxes on that house and lot, and to keep that house in repair, and enough more to pay that landlord a fair interest on the amount of money invested in that property.

That tenant pays the taxes on that property which he rents, and still he thinks he pays no taxes. As the taxes go up the rents have got to go up. Let us not increase the taxes. SUBSCRIBER.

Here Is a Remarkable Bargain:

Regular Thirty-Dollar Simplex Electric Cleaner, \$19.75

Tomorrow we shall place on sale a guaranteed \$30 Simplex Electric Vacuum Cleaner for only \$19.75. The Simplex is one of the highest grade vacuum cleaners made and absolutely guaranteed to do satisfactory work. Made by one of the largest and oldest vacuum cleaner manufacturers, whose guarantee is as good as gold. Never before has this or any other high-class electric cleaner been offered at such a bargain price. Here is your chance! Let us demonstrate the Simplex—it's a winner!

BUY MADE IN U.S.A. PRODUCTS

After hearing a sermon on faith, some people go home and raise doubts about the authenticity of the color of the Easter eggs.

Next Tuesday will be election day in Newark. Every voter should go to the polls and vote his sentiments on the proposed electric light bond issue.

Even if the income tax does not yield as well as expected, many people feel it is worth while, as it puts the income tax payers to a lot of bother.

A good deal is said in the newspapers about the limits of the pie belt. With many people it is found only when they begin to feel their vest buttons.

On a warm spring day the student looks longingly at the window, and is convinced that the only scientific way to study biology is from a boat at Buckeye Lake.

Many men would be glad to get up and see the sun rise these spring days. Were it not that their wives might find something for them to do before breakfast.

It may be all right to make fun of the vain women who attend the spring millinery openings, but it wouldn't hurt the men a bit to brush the dust off their hats.

When a city man decides to go back to the farm and begin agriculture this spring, he usually orders a modern bath room fitted up, before he buys any ploughs, hoes or spades.

With due respect to the gentlemen who have argued for municipal ownership of the electric light plant, the Advocate believes that the best interests of this town demand the purchase of electricity by the city. In the editorial columns of yesterday's Advocate we gave nine reasons for this belief.

Captain A. H. Heisey in an interview published in yesterday's Advocate gave sound and strong reasons why he will vote against the proposed electric light bond issue. Capt. Heisey, president of the Newark Trust Company and owner of the Heisey Table Glass Factory, is recognized as one of Newark's leading men. He is a successful, self-made business man, whose judgment is keen and whose advice is worth following.

The proposed electric light bond issue has been fully and freely discussed. The Advocate has presented every argument both for and against the bond issue and it is up to the voters themselves to decide. While holding pronounced views against the bond issue, reasons for which have been stated repeatedly in these columns, this newspaper believes in fair play and has given the same prominence to views expressed by friends of municipal ownership as it has to expressions in harmony with this newspaper's belief.

The interview with Mr. Carl Dayton, superintendent of the American

Universal Peace Will Come When Socialism Is In Supreme Control

By MORRIS HILLQUIT, Secretary of the International Socialist Bureau

THE history of the future will doubtless set this war as the end of one great era in the Socialist movement and the beginning of another. The present war and its far-reaching social and economic consequences are bound to modify our conception of a steady and even course of social development. IT IS BOUND TO ACCELERATE THE TREND OF THE MODERN WORLD TOWARD SOCIALISM AND MAY BRING US NEARER TO THE GOAL BY A SUDDEN LEAP.

The war could have been averted, poverty could have been annihilated, and the world could have entered into an era of universal peace and good will if enough people had become Socialists.

We can say, then, that the war is bringing socialism closer, although no Socialist wanted it to come that way. We were once accused of being "bloody revolutionists." Opponents said that the adoption of our plans would plunge the world in blood.

NOW, IT MUST BE APPARENT TO ALL THAT THE WORLD HAS TAKEN THE PLUNGE BECAUSE OF ITS REFUSAL TO ADOPT THE ONLY PLAN THAT COULD HAVE PREVENTED THE CATASTROPHE. CAPITALISM IS EXPIRING IN BLOOD. SOCIALISM ALONE PROMISES PEACE.

Spirit of the Press

His Measure.
 When we hear a fellow bragging about the number of baths he takes, we can generally obtain his prevarication measure by inspecting the portion of his neck that is situated behind the lobes of his auricular appendages.—Houston Post.

The Wages of SIN(N).
 In one division of the Circuit Court of St. Louis two divorce cases came up on one day, the one Hell vs. Hell, the other Sinn vs. Sinn. In the latter the wages of Sinn were divided and one-half given to the wife.—Springfield Ill. Journal.

Times Have Changed.
 How times have changed! A new Nebraska law permits the man who steals an auto to get off with a \$100 fine, when it used to be that the man who stole a horse accepted an engagement for a necktie party.—Omaha Bee.

Jealous of Chicago?
 It's difficult that story about 500 Chicagoans with incomes of from \$60,000 to \$100,000 failing to make returns. The typical Chicago man with an income like that would want everybody to know it.—Pittsburg Gazette Times.

A Commanding Figure.
 Attorney General Turner's emergency clause decision was rendered according to law and against tremendous pressure to bend him to partisan purposes. He was neither swayed by party pleas nor tempted by suggestions of support for higher political honors. In proposing to the attorney general in fact, he is seeking no self-advancement. By this determination Mr. Turner stands out in bold relief from the background of executive and legislative shilly-shallying, and has quickly become the pride of Ohio. Franklin county knew and was not surprised. It is a source of satisfaction to know there is one man in the statehouse who has the courage of his convictions.—Columbus Dispatch.

The Only Peacemaker.
 Jane Addams is wrong in her opinion that President Wilson can do something to stop the war. The only power big enough to stop the war is the power that is able and willing to whip both sides if they refuse to make peace.—Buffalo Enquirer.

Pointed Observations

Speaking of our war taxes, it may be consoling to notice that Canada is preparing to raise another \$100,000,000 for war purposes.—Pittsburg Dispatch.

Every day it looks as if Italy had gone through all the motions a nation could without going to war, but the next day she stages something entirely new and just as interesting.—Chicago Herald.

Reports that Washington is full of spies permit it to be understood that there are somewhere facts which no investigating committee has yet dragged to light.—Washington Star.

Chicago comes nearer than any other city to having a continuous political show. Just now the inhabitants are enjoying the spectacle of two majority candidates making faces at each other.—Cincinnati Times-Star.

We seem to have just enough ships for international complications, but not quite enough for international business.—Chicago Herald.

Serious of ammunition is worrying the generals in Europe. It is easier and cheaper to replace men than shells.—Pittsburg Dispatch.

Evangelist Sunday will not tackle Cleveland. Even the world's champion realist realizes his limitations.—Pittsburg Gazette Times.

There seems to be a hitch about Germany's living Italian neutrality with Austria. Territory, Franz Joseph having probably concluded that it will not be able to spare more than it will take to satisfy Russia.—Lexington & Pittsburg.

We aren't machinists enough to train from one big American machine at the New England weather prophet who said at the beginning of this last winter that it would be the worst in the years.—Alton Journal.

No matter who wins, the Turk always maintains a loss.—New York Tribune.

In the governor of Fish had not vetoed the state wide prohibition bill.

we might have continued to miss knowing that his name is Spry.—Boston Globe.

At the general election in Japan 1,500 persons were arrested for bribery. Indiana papers please copy.—Pittsburg Gazette Times.

The president's latest and most pleasant word is that he has no intention to call congress into extraordinary session.—Columbus Dispatch.

Of all the official dispatches, those of Turkey are the most consistent. They are never true.—Philadelphia Ledger.

It is not improbable that there are some persons in Turkey who just now are lamenting the "good old days" of Abdul Hamid.—New York Herald.

Von Hindenberg is pressing the Russian army so closely that we expect to hear any day that he has captured the entire imperial ballet.—Boston Transcript.

If every man who thinks he has something to say hired a hall one industry would boom fast enough.—Milwaukee Journal.

It begins to look as though every nurse that goes to the front comes out with at least one prisoner of war.—Washington Post.

An Eastern physician advocates hot water as a remedy for snake bites. It will never be popular we fear.—Detroit Free Press.

Uncle Walt

THE SWEET SINGER.

A flood of music rushes from robins and from thrushes, from nightingale and wren, high vocal triumphs tackling—but I prefer the cackling of my old Leghorn hen. All trills and warbles scorning, she cackles in the morning, and does it all by ear; and evermore her singing is bringing—know an egg is near. The nightingale and robin have voices sweet and throbbin', but that is all you get; while my old hen, whose carol emerges from a barrel, provides an omelet. My photograph, on winding, good music will keep grinding, as sweet as that of wrens; it reproduces voices in which the world rejoices—but won't lay eggs like hens. My Leghorn hen is raising a song of humble phrasing, that Melba'd never dare; and shortly I will wander out to the stable yard, and find some henfruit there. The skylark is a dinger, the robin, as a singer, high recognition begs; but by old Leghorn's trilling my breast with rapture's fillings, because it means more eggs.

No Wonder He Didn't Hear It!
 "That was some storm we had last night," remarked the thin man.

"What storm?" asked the fat man.
 "Why, that young cyclone that raged from 7 o'clock until midnight," replied the thin man. "Didn't you hear it raging outside?"

"I didn't hear a thing outside," admitted the fat man. "My wife found an elbow length kid glove in my overcoat pocket when I was eating my supper."

Week.
 "To regain strength, lay off and rest for seven days," said Dr. Meak.
 "But, doctor," I said, "I protest. For seven days would make one week."

Ouch!
 "How are your ham and eggs, sir?" asked the obliging waiter. "I think you'll find the ham splendid. We cure it ourselves."

"Oh, the ham's all right," replied the grouchy diner. "But you forgot to cure the eggs."

Huh!
 Our language is a joke, no doubt; it often makes me grin; We say that we are down and out When we mean we're all in.

Mean Brutel!
 "It says here that a woman promised to communicate with her husband after her death, and that she has been dead for a year, but he has received no word from her," remarked Mrs. Gabb, as she looked up from her newspaper.

"Huh," grunted Mr. Gabb. "Maybe the wires are hot."

Maybe He Hadn't Any Doo.
 A maiden who lived in St. Joe was courted for years by a booby. She tried, goodness knows, To make him propose. Oh, my, but that fellow was slow!

Get In Line, Men! Don't Crowd!
 Do you need a traveling companion? A cheery, red haired young woman heretofore independently traveled, would be glad to arrange trips with and for you.—Ad. in Current Issue of a Fashion Paper.

Things to Worry About.
 Last year 991,743,000 pins were made in this country.

Oh, Shoot Me While I'm Happy!
 Dear Luke—The enclosed is an extract from a letter received by a party in Walla Walla, Wash., from a girl in Cincinnati. Wear it close to your heart:

"Ed pointed out Luke McLuke to me today. He was just breaking into an office. I was crazy to get a good look at him, so waited for him to come out (about one hour and a half, I think), but, gee, I'm glad and sorry I did! I caught his eye and blushed, really blushed, for I felt that he knew that I knew who he was. And, oh, those intelligent, piercing eyes! They just read your thoughts. I'll look at his column every day to see if they did."

Our Daily Special.
 "Embarking on a career" is highbrow for "hunting a job."

Luke McLuke Says:
 There was a time when daughter would never dream of being so hopelessly out of date as to wear mother's bonnet on the street, but nowadays

daughter is glad to get a chance to wear mother's hat downtown because it cost more than daughter's hat.

When you worry more about reading the thermometer than you do about watching the clock you are growing old.

What has become of the old fashioned man who was always walking around the world on a \$10,000 wager?

The United States supreme court, always has the last word. But that isn't the reason why the members wear gowns when they are on the bench.

By the time a man has worked long enough and hard enough and has got to a point where he can afford all the new clothes he wants he is so hump backed and bow legged that he doesn't want any.

Safety first means selecting an affinity who has the same colored hair as your wife.

Even if you are not prosperous try to look prosperous, and old Prosperity will come along and shake hands with you.

Marriage may bring a lot of ills, but lovesickness isn't one of them.

When a girl looks a mutt who doesn't come up to her ideal she doesn't have much trouble in bringing her ideal down to him.

Maybe some people do not like to save money because a dollar always looks so much larger when it is the only one you have.

A medical authority pronounces the tight skirt sensible and healthful. That settles it. We see the finish of the tight skirt.

Getting right down to the truth, a man goes to the polls on election day more because he wants to vote against the candidate on the other side than because he wants to vote for his candidate.

The famous paintings that are valued at half a million dollars each are not the greatest pictures. The greatest picture is a rosy checked, bright eyed mother who is cooling and singling to the clean, dimpled baby in her arms.

Y W C A NOTES

The new members of the Y. W. C. A. will be entertained at an April Fool's day party on Thursday night at 8 o'clock at the Y. W. C. A. building. Invitations have been sent to new members but the old members are expected to be present to help entertain the guests. A royal welcome to the new members and a jolly good time for all is promised.

Miss Henrietta Logan of Xenia, is visiting Katherine Childs at the Y. W. C. A. for a few days.

Miss Mary Mosok from Ironton, employed at Cherry's cigar factory, has come to make her home in the Y. W. C. A. boarding home.

The I. V. Bible class will not meet next Tuesday as Mrs. Jones will be out of town.

Health Promotes Happiness.
 Without health, genuine joy is impossible; without good digestion and regular bowel movements you cannot have health. Why neglect keeping bowels open and risk being sick and ailing? You don't have to. Take one small Dr. King's New Life Pill at night, in the morning you will have a full, free bowel movement and feel much better. Helps your appetite and digestion. Try one tonight.

Cleanse and enrich the blood; put life and vitality into your jaded nerves. At your druggist.

EXPERT TALKS ON CLEANUP WORK

Says German Cities Provide
Model For Americans.

STREET CLEANING SCIENCE.

No Refuse Should Be Placed on Sidewalk—The Sweeping Process Should Be Started When No Traffic Is on Street—Early Morning Best Time.

By FRANK KOESTER.

The lack of system and want of technical training on the part of many American officials in charge make street cleaning unnecessarily expensive, leave the streets in a bad condition and cause the cleaning to be carried out in a disagreeable, insanitary way.

In foreign cities engineers specialize on this subject. Street cleaning has been reduced to a science, and economy, efficiency and the comfort and convenience of the public are considered.

The purpose of street cleaning is to remove as quickly and as cheaply as possible all foreign matter in the streets and thus to conduce to the health of the public by minimizing the circulation of germ laden dust.

The cleaning of streets should be carried out in a systematic and thorough manner. The cleaners should proceed in crews with the necessary apparatus both to clean the streets and the sidewalks as well. If necessary, and the layout of the work should be such that no member of the crew needs to wait on the progress of the other, but all proceed simultaneously, and when they have passed through the street the work will be done. The method of piecemeal street cleaning, with the householder sweeping dirt into the street, the street cleaner sweeping it into piles and the piles being removed by wagons, with the occasional passing first on one side of the street and then on the other of some piece of street cleaning apparatus, results in a continual stirring up of dust to the great discomfort and inconvenience of all concerned, while the street never really gets cleaned.

The number of men in the cleaning crew depends on the kind of machinery used. As no machine is capable of reaching all parts of the street, a certain amount of manual sweeping is necessary, especially when the sidewalks are cleaned in conjunction with the machine sweeping, so that, as indicated, the whole width of the street will be cleaned at once.

Must Be Clear of Traffic.

In order that such cleaning may proceed with efficiency and dispatch, and consequently with economy, the streets must be practically clear of traffic, as the presence of vehicles, especially those standing at the curb, greatly delays the work of the crew.

As the operation of such a crew also handicaps traffic and as the public prefers to see the streets clean, rather than to see them being cleaned, it is essential to select a suitable hour for cleaning. German cities have conducted numerous tests for finding out the most favorable hour. The city of Dresden adopted the practice of cleaning the main streets in the early morning hours, beginning about 4 o'clock and finishing the business sections by 6 o'clock, some 20 to 30 per cent of the entire street area. The cleaning of the remainder of the streets proceeds immediately after the main streets are finished, and the whole city is cleaned by 9 a. m.

The Early Morning Plan.

The advantages of the system are that the cleaning can be carried out by daylight and is consequently better performed than when carried out under artificial light, that the workmen are more efficient as day workers than as night workers, and that during the early morning hours the traffic is at the minimum.

No refuse may be placed on the sidewalk, but must be kept on the householder's premises in such places as will not cause annoyance to the neighbors. As the street cleaning crews may be expected at a fixed time daily the householders are able to make their arrangements accordingly, and thus the whole proceeding is carried out in the most expeditious and convenient manner.

Most Urgent Duty.

Perhaps the most urgent of the duties of the street cleaners is the removal from the streets of the carcasses of dead animals, not only on account of the unsightliness of such objects, but also because, especially in summer, they are a menace to health. Singularly enough, in many American cities, including those constantly exploiting their civic improvement plans, there is a lack of co-operation between the police, to whose notice such matters naturally first fall, and the street cleaning departments, so that the carcasses remain often for days before being removed.

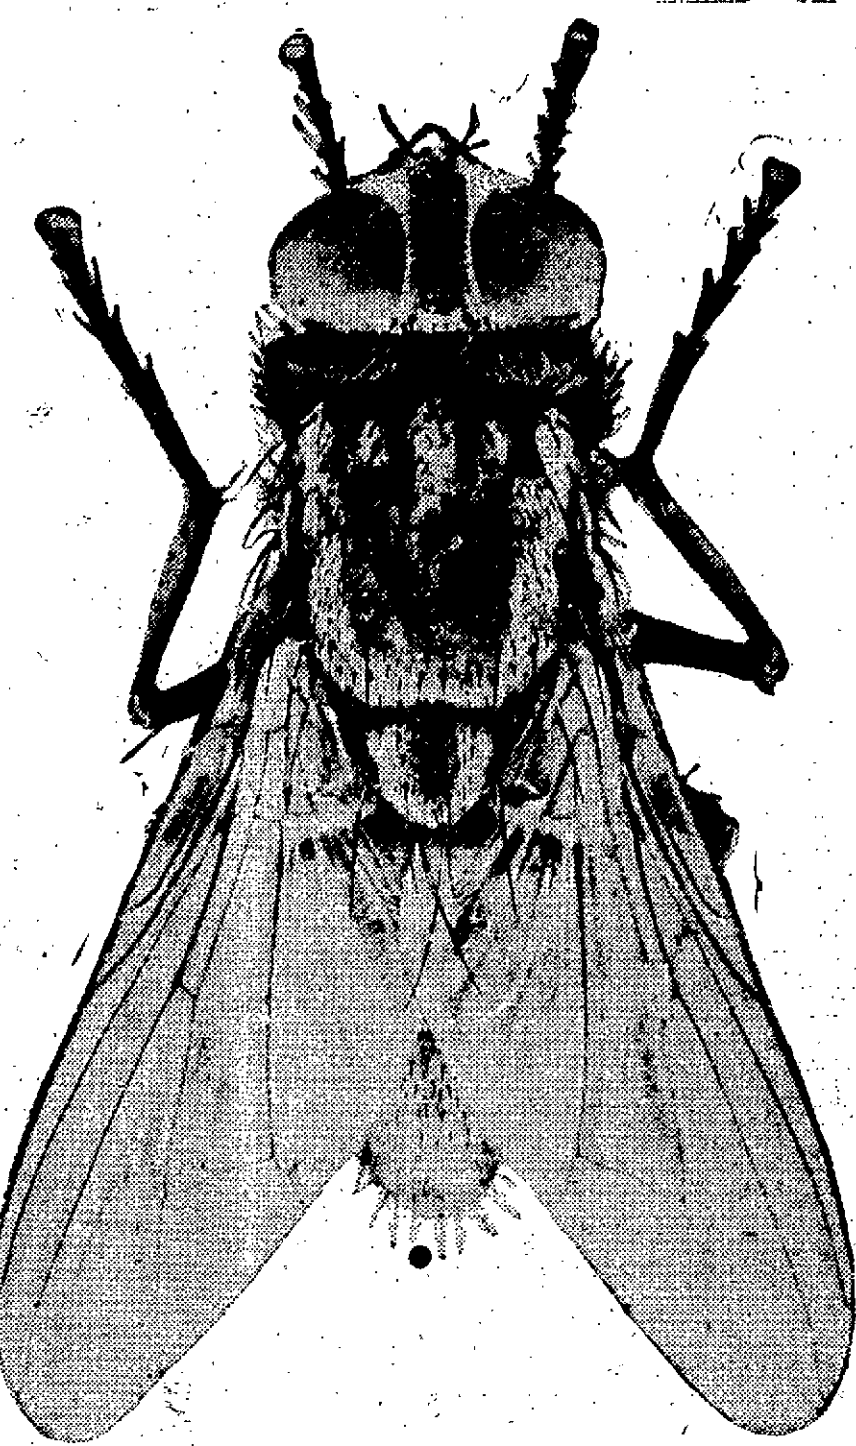

It would certainly seem a necessary preliminary to street planning to have the streets free of such impediments. Street cleaning machinery consists principally of three classes—sprinkling, sweeping and removing apparatus.

Their Division.

"I see where a criminal lawyer has taken his daughter into partnership with him. How do they divide the cases?"

"He takes the fellow-nies, and she, the mis-deemeanors."—Baltimore American.

The Prize Egg

An Easter Story

THE shops all along the main street were full of Easter suggestions. One confectioner's window was entirely filled with chocolate covered eggs of all sizes, and a large placard announced:

"Each egg in this window contains a valuable and unique prize. All eggs are the same price, 25 cents. Each egg will open on Easter morning."

Passersby paused to look and read the notice, and not a few entered the shop to purchase.

Presently a winsome looking girl and a very tall young man paused in front of the window. He looked inquiringly at her, and she smiled; then they went in, coming out again in a few minutes carrying a small box.

That evening at the girl's home they opened the package and examined the egg.

"Shall we break it," she questioned, "or wait until Easter and see what happens?"

"Oh, let's wait!" he answered. "I don't suppose it will have anything worth while inside, and it may not even open, though of course that could be chemically arranged."

The egg was again put in its box and laid away where the girl promised it would remain until the arrival of the man on Easter morning.

Easter dawned fair and beautiful, and while it was quite early the man arrived to find the girl anxiously awaiting him.

They opened the box with care and gently laid the egg on the table. The surface of chocolate was as smooth as when purchased.

For half an hour they watched it closely and were about to give up when the girl noticed a faint crack across the top. Very slowly it spread—in fact, almost imperceptibly—until, quite without realizing how it happened or when, the two halves of the egg lay on the table and between them a small object wrapped in tissue paper.

Very gingerly she tore off the paper and cried in disgust when she saw only a dirty old silver dollar.

"Still," he exclaimed practically, "a dollar is a dollar, no matter how old it is." He took it from her and looked at it closely, feeling it all over, when the eagle opened, and the face of a woman smiled up at him.

"Oh!" Suddenly he raised it to his lips, kissing it passionately.

The girl's expression instantly changed from sweet winsomeness to a jealous frown, and she snatched the dollar from him.

"How dare you kiss that woman when you say you love me!" She fairly hissed the words, and her angry eyes devoured the lovely features of the almost faded picture.

He took it gently from her, holding it tenderly in his hand, while he put his arm around her, and there was wonder in his voice when he spoke.

"Strange and improbable as it seems, that is my mother's photograph."

"How curious!" she murmured from his shoulder.

"You see how thin and worn the dollar is," he continued. "That is because my father carried it for ten years, and

then one day absentmindedly he spent it. He never knew where or how, but it was gone, and he was never able to find a trace of it, though I don't believe he has ever given up trying. . . . I think mother felt it until she saw how it worried father; then she made light of it by saying she wondered whose husband was carrying her picture now. . . . How glad they will be!"

He raised the eagle to look once more into the beautiful tender eyes that, so the girl thought at the moment, were exactly like his.

"I thought I would be afraid of her," the girl said slowly, "but I won't be unless she has changed. Has she?"

"Only to become more beautiful. This was taken before I was born. . . . You will change that way some day, dear, and I shall watch you as my father watched her. You do love me. I know it now," he said with conviction, "for you were jealous when I kissed the picture, and you couldn't be unless you cared."

Once more she gazed upon the picture; then, closing the dollar, she slipped it into his vest pocket.

"Take it to her, dear,"—she hesitated—"and tell her it came out of a prize egg, but that a girl who hopes some day to be loved as much as she is sends it, and—"

"Then," he interrupted, "you're going to say yes today?"

"I'm still in doubt about lots of things, but I do love you, and I want a beautiful mother to love me, and—"

"You darling!" He lifted her off her feet for a second and crushed her to him.

As he put her down they both noticed the egg had closed, and only a faint crack showed where it had been split.

"Yes, it's a strange egg," he said in answer to her questioning, "but what I said about the action of chemicals accounts for the closing as well as the opening. But whatever it is it has served its purpose here in giving me the prize."

In the Garden.

"She, supposing him to be the gardener—Dead is our Christ and our hearts cry 'Where?'"

"We would be true to the loved and fair. Still we peer in the tomb behind thee. Ah! Not there!"

But as of old in the open air, Out in the garden, Lord, we find thee. —Mary Eleanor Roberts in Lincoln's Inn.

Ignorance of the Bible.

One thing is undeniable—knowledge of the Bible is far less general now than it was in the days of my childhood. That amazing familiarity with the sacred book with which John Richard Green credits the people of England in the days of the commonwealth had persisted until my boyhood among the sons of the Puritans and the Scotch Irish in New England and in New York state. It was not universal, but it was general. The kind of tests by which college students and students in secondary schools are frequently in these days made to display an ignorance of the Bible which is astounding could have been passed with credit by the majority of country boys and girls sixty or seventy years ago. But this thorough acquaintance of earlier generations with the Bible was not due to any considerable extent to the public school. All that we learned about the Bible in school would have added very little to our store of religious knowledge. It was in our churches and our Sunday schools, but chiefly in our homes, that most of us learned what we knew about the Bible.—Washington Gladden in Atlantic.

Who's Your Druggist? Who's Your Druggist?

Are you as careful in the choice of your druggist as you are in the choice of your medicine? Do you buy from ANY druggist ANY medicine that is recommended for your particular needs?

Do you get your medicines at one store because you have taken the trouble to get a personal opinion of the druggist's integrity, honesty and familiarity with medicines—because you have faith in the man and in the medicines he dispenses—or do you stop at the first store you reach and ask for the remedy (you don't know just what remedy) for relief from the trouble for which you require medicine?

Are all druggists equally honest, equally painstaking, equally familiar with the medicines they dispense and do all take the same personal interest in you and in your ailments?

You must know already that they are not equal in every respect, no more so than in any other lines of business. Some are good, some not so good. But why should YOU take a chance?

The investigation to determine just who is a RELIABLE druggist has already been undertaken and finished by the company marketing *RedWhiteBlue* Remedies and goods; for these medicines, toilet preparations, etc., are given ONLY to SELECTED druggists.

The sign, THE *RedWhiteBlue* STORE, stands for one of these selected dealers. Not necessarily the largest, nor the best rated financially, but THE store, whose motto is "QUALITY FIRST."

Each *RedWhiteBlue* Store is prepared to give you maximum service for minimum cost—a service second to none. A personal interest will be taken in you and your ailments. The very nature of our contract and our investigation assures this.

Each *RedWhiteBlue* Remedy is a medicine for a different ailment, carefully prepared with a knowledge of what is necessary to remedy the conditions causing that ailment.

Go into the nearest *RedWhiteBlue* Store and try The Remedy for your ailment on our GUARANTEE of SATISFACTION or MONEY BACK.

Good Printing is as essential to your business as a clean store. Let us show you

REASONS WHY THE CITY SHOULD BUY CURRENT

1. Because It is much cheaper for the city to buy current than to make it.

2. Because the bonded indebtedness of the city at the present time is nearly \$1,100,000 and the limit will soon be reached.

3. Because the tax levy is now too high, being thirteen mills and the limit is 15 mills.

4. Because the city will of necessity have to make certain costly improvements in the near future.

5. Because it will take an expensive and technical department out of politics.

10. Because the maintenance of the poles and wires and lamps and all the distribution system by the city keeps the city in a position to build a plant at any time the purchasing of current is not satisfactory.

11. Because it is good business and common sense

Remember, Men of Newark, that the Special Election to decide whether or not to issue \$30,000 worth of electric light bonds will be held next Tuesday, March 30th.

LET EVERY MAN VOTE.

6. Because the price of 11 mills per K. W. H. or \$4192.88 is less than the cost of coal.

7. Because the price of 11 mills is only about one-half of the cost of making current at Columbus in the city plant.

8. Because a new plant would cost much more than the estimated cost.

9. Because the city might at any time have an accident or break down at its plant which would cost it more than to buy the current for two years.

Lodges

L. O. O. F.

Olive Branch Lodge No. 34.

Tuesday evening, March 23, Olive Branch Lodge, No. 34, met in regular session with fair attendance and after the Routine of Business was transacted, one candidate was found in waiting and the mysteries of the third degree were conferred on Brother Clarence Buchanan. Next Tuesday night being an off night there will be practice in the Initiatory Degree, preparatory to conferring that Degree on April 6, on several candidates. All members wanting a position on the Degree team try and be present and report to the Degree Captain, W. F. Smith. We had several visiting brothers with us last meeting night who gave us several good talks on things pertaining to the good of the order.

Mt. Olive Encampment, No. 12.

Thursday evening, March 18, Mt. Olive Encampment met in regular session with a fair attendance. There were two candidates in waiting for the Golden Rule degree which was conferred in full form. After the work we set Thursday, April 1st for the Royal Purple. Patriarchs remember there will be plenty doing on "All Fools' day." Two candidates for this degree and then we will enjoy a little lunch. All visiting patriarchs will be welcomed.

K. O. P.

Roland Lodge.

Two new applications for membership were received and five others balloted upon and elected at the last meeting of Roland Lodge, No. 305, on Tuesday evening. The Esquire rank was also conferred upon two Pages. Another invitation to attend church having been received, it was accepted and Sunday, April 25, was chosen as the date. The invitation came from Rev. C. H. Stull of the Fifth Street Baptist church. The Brothers will go in a body on the above date. Much routine matter was transacted and some new business of interest to the goodly number present. The Page rank next Tuesday evening.

Newark Lodge Number 13.

At the regular meeting of Newark Lodge, No. 13, K. of P., last Thursday night the Esquire and Page ranks were conferred upon two candidates. Only a fair turnout of the members were present to witness the work. W. A. Reel a member of Sandusky Lodge, No. 128, Sandusky, O., was a visitor and entertained the brothers with an interesting talk on the work in their lodge. Sandusky Lodge has made 57 Knights this year and is striving to become the largest K. of P. Lodge in the state. If the boys in our lodge would only get busy, there is no reason why we shouldn't take in an equal number. There is plenty of material to work on and many a young man is only waiting for some Knight of Pythias to ask him to fill out an application. Get busy boys and see what you can do by next meeting night.

On next Thursday night there will be balloting and work in the first degree.

U. R. K. P.

Licking Co., No. 121, met in special session on Wednesday night with a small attendance which is very discouraging to the officers for the present year. The members present were very enthusiastic with the future prospects of the company and those not attending now are missing a great treat for Captain Wollinsky is teaching the new figures for fancy drill and sword movement which will be something very nobby.

On next Monday evening, March 29th, a good attendance of the Sir Knights is requested as Capt. Wollinsky desires to form two drill teams and place them under the direction of Lieut. Murray Connolly and Lieut.

Warwick. There will be a report from special committee that will be of interest to every Sir Knight of the company. Every Sir Knight that possibly can is urged to be present on Monday night so that two teams can be secured to compete with one another.

HOME GUARDS OF AMERICA.

Newark Home, No. 34, held their regular weekly meeting Wednesday evening, March 24.

There was a good attendance and a good and interesting meeting was held. The regular routine of business was transacted. The sick were all reported better. Bro. Chas. Smith of East Main street was reported as being in the Sanitarium. Sister Ida Gundy, resigned as recording Secretary and a new one was elected to fill the unexpired term. A committee on resolutions was appointed on the death of Bro. Fred Metz.

The Home Guards are contemplating giving an entertainment in the near future. The committee on the United Fraternal Association, reported they had met with the other committees and are making the necessary arrangements for the United Memorial services.

Our next meeting will be held Wednesday evening, March 31.

MASONIC.

The first meeting for work in the new Masonic temple was held on last Monday evening by Warren Chapter No. 6 Royal Arch Masons. The meeting was opened by High Priest Cliff Hawkins, with Chas. W. and Bernard F. Kent as wardens. Excellent grand master of the first veil, Frank L. Beggs, who is president of the board of trustees of the Masonic Temple Association, was introduced and conferred the pastmasters degree upon one candidate, the following members of the board of trustees assisting in the work. O. C. Parrill, F. M. B. Windle, C. L. H. Long, J. L. Worth, Chas. W. Kent and E. Carey Norris.

On Tuesday night St. Luke's Commandery No. 34 Knights Templar with Dr. Jas. D. Ford, eminent commander presiding, conferred the temple degree.

Acme lodge No. 554 F. & A. M. held a meeting for work in the entered apprentice degree on Thursday night. The work was in charge of Worshipful Master C. M. Roney.

Newark lodge No. 97 F. & A. M. will hold the first regular meeting on next Friday, April 2, at 7:30 p. m.

L. O. T. M.

The Ladies of the Maccabees of the World all over the United States and Canada are enthusiastic in regard to results achieved in the past year. In spite of the strenuous times the order realized a net gain of \$328 for the year 1914. Success is due largely to the efforts of an unusually efficient corps of supreme officers and to the recognized financial stability of the order. A comparative statement shows that the Ladies of the Maccabees ranks first in benefit membership of all orders composed entirely of women, and among forty of the largest United States orders stands first in reserve per \$1000 protection. Ohio has 4000 more Maccabees than any other state in the union and Ohio is fortunate in having a state leader who

State News

After taking Alex. Lindsey to the penitentiary on a burglary charge, Mt. Vernon jail officials found saws hidden in the mattress in his cell.

Wm. Gamble of Millwood, near Mt. Vernon, was dangerously injured when his clothing caught in the belt of a saw mill.

Warsaw, Coshocton county, will have a 5-day Chautauque June 24 to 28.

Nick Mausreek, striking miner at East Liverpool was shot while persuading two non-union men to quit their jobs.

Levy X. Jacobs, Van Wert lawyer, was shot and killed by his housekeeper, whose only explanation was that she shot in self-defense.

Harvey McAllister, 7, was run down and probably fatally injured by the automobile of State Senator A. R. Garver at Springfield. The machine was driven by a chauffeur.

Robert E. Stroup, 47, former Columbus newspaper man, died at Cincinnati of hemorrhage of the stomach.

H. A. White, Mt. Gilead dry goods merchant, and Davis Taylor, former hotel proprietor, are dead at Marion.

Simon Dewald, 57, died of injuries received when he struck his head on a turnpike pipe while working in the basement.

Wm. W. Hildebrand, 83, said to be the oldest mail carrier in Ohio, is dead at Marietta.

By electing Dr. W. D. Deuschle president, the Columbus school board broke a deadlock which has threatened to disrupt the board.

Are You Rheumatic?—try Sloan's

If you want quick and real relief from Rheumatism, do what so many thousands of other people are doing—whenver an attack comes on, bathe the sore muscle or joint with Sloan's Liniment. No need to rub it in—just apply the Liniment to the surface. It is wonderfully penetrating. It goes right to the seat of trouble and draws the pain almost immediately. Get a bottle of Sloan's Liniment for 25c, of any druggist and have it in the house—against Colds Sore and Swollen Joints, Lumbago, Sciatica and like ailments. Your money back if not satisfied but it does give almost instant relief.

NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To
Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffling, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.

Taxpayers' Money

Editor of the Advocate:

Is there a man in this city who would put \$30,000.00 into an electric light plant and then turn it over to the city to run and manage? Not one. Is there a man in this city who would turn any kind of business over to a management that changes every two years? Not one. Then why should a man vote to do something with the money of the tax payers that he would not do with his own money?

Every voter should bring this question of bond issue home to himself, and not treat it as a hit-and-miss proposition. You don't throw your own money away, therefore, don't throw the money of the tax payers away.

TAX PAYER.

ABE MARTIN

The country is full of money, but the trouble is to get it away from the farmers. Their money is being hoarded in some quarters and on some corners that wider skirts means the return of the cotton stockin'.

No Use to Try and Wear Out Your Cold It Will Wear You Out Instead

Thousands keep on suffering Coughs and Colds through neglect and delay. Why make yourself an easy prey to serious ailments and epidemics as the result of a neglected Cold? Coughs and Colds sap your strength and vitality unless checked in the early stages. Dr. King's New Discovery is what you need—the first dose helps. Your head clears up you breathe freely and you feel so much better. Buy a bottle today and start taking at once.

HONESTLY

We have been so busy selling WALL PAPER this month that we haven't had time to write a single advertisement, but then mere words are futile in describing our 1915 line.

Drop in and look it over then you will understand why we say, "For every dollar you spend with us we give you a full dollar's worth of merchandise and service."

No misrepresentations.

Four experienced wall paper salespeople, any one of them will be only too glad to assist you in making the right selection.

Shop in the forenoon if possible.

CHURCH SERVICES

Passion Week Services.
The Newark Ministerial Association has arranged the following services for next week in Taylor Hall (Y. W. C. A.) beginning each day at 12:05 noon, and closing promptly at 12:30.

Monday—Rev. Calvin G. Hazlett, in charge.

Tuesday—Rev. M. R. White, in charge.

Wednesday—Rev. Charles H. Stull, in charge.

Thursday—Rev. Mr. Diehl, in charge.

On Friday an all-day service, beginning at 9 a. m. and continuing without interruption until 3 p. m., will be held in the First Presbyterian church, Hudson Avenue. The following committees have full charge of the various hours.

9 to 10 a. m.—The Rev. Messrs. Fry, Greene and Greenawalt.

10 to 11 a. m.—The Rev. Messrs. Haller and Baker and Galloway.

11 to 12 a. m.—The Rev. Messrs. Ward, Henshaw and Mr. Ray Evans.

12 to 1 p. m.—The Rev. Messrs. Tolis and Benton and Secy. F. L. Johnson.

1 to 2 p. m.—The Rev. Messrs. Cox and Houk and A. S. Mitchell, Esq.

2 to 3 p. m.—The Sacrament of the Lord's Supper will be observed by the pastor of the church in charge.

The church cordially invited and urged to be present at as many of these services as they can conveniently attend. Any one may feel perfectly free to come and go to any service or any part of any service at will. Those having the various services in charge will direct the thought of the people to lessons suggested by the occurrences of the particular day or hour, so far as practicable. Will pastors and churches see to it that these services are announced and emphasized at all services next Sunday. By order of the Newark Ministerial Association.

Trinity Church.

Trinity church, corner East Main and North First streets. The Rev. Lewis P. Franklin, pastor, Palm Sunday. Holy Communion, 7:30 a. m.

Triumphal entry of Jesus. The choir will render Palm Sunday music, 7 p. m. evening worship. Sermon subject "Lost in the Crowd." A study of the Master's philosophy of brotherhood and personality. The choir will sing special music for this service. 8 p. m. young people's service of Christian Endeavor. All are invited. You will receive a cordial welcome at all services in this church. The church will be decorated for the day with an abundance of palms and ferns.

St. Francis de Sales.
corner of Granville and Pearl streets, mass at 7 and 10 o'clock. Benediction of the Blessed Sacrament at 3 o'clock p. m.

Salvation Army.
Sunday school at 2 o'clock. Christian praise service at 3 o'clock. Evening sermon at 8 o'clock.

Church of God.

Corner of South Williams and Grant streets. Sunday school at 9:30. Preaching at 10:30. Subject "Christian Fellowship." All Christian friends are especially invited to this service. In the evening at 7:00 the subject will be "The Call to Service." We are glad to report an increase in interest, and the blessings of the Lord during the past week of revival effort and cordially invite the public to attend the services which begin next week at 7:30. No services tonight. M. R. Culbertson, minister.

East Main Street M. E.

Sunday school 9:15 a. m. Preaching at 10:30 a. m. subject "The Hymn of Triumph." Epworth league at 6 p. m. Herman Dickerson, leader. Junior league 6 p. m. Mass meeting at 7 p. m. Wesley Montgomery, and Rev. W. H. Swartz, will report the Columbus convention. Prayer meeting Wednesday evening at 7:30. Special music by the men at the evening service, on Sunday evening. Chas. Laughlin, pastor.

Newark Lutheran Church.

H. L. Greenawalt, pastor. March 28. St. John's (on Linville Pike) Sunday school 9:30 a. m. Easter

preaching hour, followed with baptismal service, Easter Sunday. W. H. Baker, pastor.

North End Baptist Mission.

The usual Sunday school at 2:30 p. m. Testimony meeting at 3:30 p. m. The open air service at 4 p. m. if weather conditions permit.

The evening services have changed time from 6 p. m. to 7 p. m. The speaker for Sunday evening will be Chairman Elton Shaw of the State Probation Executive Committee, and all who wish to see Ohio become a prohibition state should be present.

There are 18 prohibition states, or soon will be, when the law goes into effect in some that recently became such. Why not place Ohio in that rank? At least come out and hear what can be done in that line. The Stereopticon views which began last Friday evening, by Rev. William Hopkins of the Associated Charities, will continue April 2 and April 9th and are free to all. A collection will be taken to defray expenses. Easter sermon by Rev. George C. Ewart, evening of April 4.

First M. E. Church.

Sunday school at 9:15. Public worship at 10:30 and 7:30; sermons by Rev. R. G. Bowden, associate pastor. Class meeting at 6:30. Epworth league at 6:30. Topic, "Our Nation's Wards for a White Man's Chance for Red Men and Black Men." Mr. H. F. Montinger is leader. Prayer meetings on Wednesday evening at 7:30 o'clock.

First Presbyterian.

Calvin G. Hazlett, minister. Sunday school 9:15 a. m. Morning worship and sermon. "Reason Enough for Love." 10:30. The Juniors 2:30. Men's Christian Union. Prof. Ashton of Mt. Vernon speaker. 3:15. Y. P. S. C. E. 6:15. Evening worship and sermon. "Contrasted Characters." 7:15. Preparatory services in union with Second church. Tuesday and Wednesday evenings in Second church; Thursday and Friday evenings in First church, at 7:15 o'clock. Men's meeting Thursday evening at 8 o'clock in dining room to be addressed by the Honorable John Kramer of Mansfield. A cordial invitation to all services extended to the public.

Passion Week Services.

Noon-day meetings from 12:05 to 12:30 in Taylor Hall (The Y. M. C. A.) for everybody, men and women, young and old, each day. Leaders: Monday, Hazlett. Tuesday, White. Wednesday, Scull. Thursday, Diehl. Friday, Franklin.

Presbyterian church, Friday from 9 a. m. to 3 p. m. With a union communion service from 2 to 3. The leaders for the consecutive hours are as follows: 9 o'clock, Fry, Green and Greenawalt; 10 o'clock, Haller, Baker and Galloway; 11 o'clock, Ward, Henshaw, and Ray Evans; 12 o'clock, Tolis, Benton and Secy. Johnson; 1 o'clock, Cox, Houk and A. S. Mitchell, Esq.; 2 o'clock the sacrament of the Lord's Supper, the pastor of the church in charge. Pastors and churches are asked to call the attention of the people to these services and urge their attendance.

Men's Meeting.

At 3:15 p. m. in the First Presbyterian church, Sunday afternoon, March 28. Professor N. S. Ashton of Mt. Vernon will speak. His message will be helpful to any men who hear him. Prof. Ashton is a forceful speaker and he will bring a strong message to his hearers. All men are invited. Frank L. Johnson.

Tenth Street U. B. Church.

The church will glad hand Sunday school 9:30. Preaching 10:30. Expository-Mark 6. Junior Endeavor 6:30. C. E. 6. Preaching at 7:15 by Rev. Whitney D. D. of Dayton, O. Gen. sermon and Holy Communion 10:30 a. m. Evening worship 7 p. m. April 4th. Holy Communion at Vanatta 10 a. m. and at St. Louisville 2 p. m.

Passion Music at Trinity Church.

On Sunday evening, Palm Sunday, the choir of Trinity church will sing a sacred cantata, descriptive of the final scenes in the life of Christ. The music was composed by Dr. J. H. Maunier, an English composer of great merit. The words for the most part are taken from Holy Scripture and relate the tragic events which occurred in the life of our Lord from Mount Olivet to Calvary. His weeping over Jerusalem, the signing of the New Commandment, the agony in Gethsemane, His betrayal, before Pilate with the horrible cries of the mob, the march to Calvary and the Crucifixion are all portrayed.

There will be a varied choir of forty voices with eminent soloists to render this work. The service will begin promptly at seven o'clock.

Maple Ave. Christian Union.

Sunday school at 9 a. m. Dr. A. Shawman, superintendent. Preaching at 10:30 a. m. subject "The Eternal Glory." 11:15 a. m. Prayer meeting at 2 p. m. Mrs. Lena Wood, pastor. Ralph Cox and Conat Burr led last Sunday, and will assist next Sunday. Preaching at 7 p. m. subject "The Kingdom and the Kingdom." Matthew 7:7. Tuesday 7:30 p. m. official board meeting. Wednesday 7:30 p. m. Y. P. C. E. prayer meeting. Friday 7:30 p. m. prayer meeting for Christians. The Christmas entertainment will be held at the morning

Keep Your Eye On the Main Chance, and Work

(WRITTEN FOR THE ADVOCATE BY JAMES R. HOPLEY.)

Talent may be acquired through solitude, but character must be built through association with others.

A correct idea of life, as it refers to each individual, may be established through mental and moral exactness.

But the idea of life which means to confer as well as to gain is the idea strengthened through exchange of thought with others.

Work makes strength; effort logically produces results; to get something out of life we must put something into life.

"No man liveth to himself alone," every man owes the world his best thought for its interest, his best work for its advancement.

Given to each something definite to do and each will have an interest in the work, in what is accomplished.

The church is here for you! The church may have seen at times to fail of fulfillment of what you expect of it, but it was your responsibility to promote any idea to make the church better.

Each community has some church that is doing all that might be expected of it to promote the best there is in that community.

"O SEND OUT THY LIGHT AND THY TRUTH; LET THEM LEAD ME; LET THEM BRING ME UNTO THY HOLY HILL, AND TO THY TABERNACLES."

Bible and authorized Christian Science literature may be read, borrowed or purchased. The public is cordially invited to attend the church services, also to visit the reading room.

Pentecostal Mission.

Special service at Pentecostal Mission 13 South Fourth street, commencing Saturday evening and continuing from night to night, as long as the Lord leads we have seen some wonderful work of the Lord in the past 5 weeks, at the other mission but the Hall was so small we could not seat the people so we have opened a large hall at 13 South Fourth street where the full Gospel will be preached in all its fullness so come and stay all day Sunday. Morning service 10. afternoon 2:30. Evening 7:15 p. m. Pastors Kissell and Lee in charge of the work commencing Easter Sunday we will have a regular Sunday school.

St. John's Evangelical.

Sunday school, 9:15 a. m. Mr. Emerson Miller, superintendent. Motto "Bring Out." Morning service 10:30 a. m. In this service the class of catechumens will be confirmed. Evening service 7:15 p. m. Subject: "Why do the Evangelicals Confess?" Preparatory service on Good Friday at 7:00 p. m. This service will be conducted in German but all Sunday services in English. Everybody will be made welcome in our midst. G. Thomas Haller, pastor.

Woodside Presbyterian.

D. A. Greene, minister. 9:30 Sunday school, Mr. E. B. Pratt, superintendent. 10:30 morning worship. Subject, "Palm Sunday, Christ and the Multitude." 2:30 Junior Christian Endeavor. 6:30 Senior C. E. 6. Leader Alice Weikley. 7:30 evening worship, speaker Mr. Ray Evans. Morning and evening worship will be introductory to the solemn observance of Holy Week. Mr. Evans will speak each evening. The orchestra will assist in the music. Public welcome.

Holy Trinity Evangelical Church.

Corner West Main and Williams streets. The Rev. Raymond A. Houk, pastor. Palm Sunday. Sunday school at 9:15 a. m. Mr. Dennis Orr, superintendent. Morning worship with reception of members at 10:30 a. m. subject of sermon, "Worship." Infant baptism at any time. Luther league at 6:30 p. m. leader Miss Isabella Frye. Evening worship at 7:30 p. m. subject of sermon "Obedience." Junior catechism class Tuesday at 3:30 p. m. Senior catechism class Wednesday at 1:15 p. m. Services will be held at the church at 7:30 o'clock on Tuesday, Wednesday, Thursday and Friday nights of this week, which is Holy week. The Friday evening service will be preparatory to the celebration of the Holy Communion on Easter Sunday morning. The catechumens will be confirmed on Easter Sunday. A cordial invitation is extended to all to attend the services of Holy Week.

TO STOP HEADACHE

Headaches usually comes from a sluggish liver and bowels. If you feel bilious, dizzy or tongue is coated and stomach sour, just get a 10-cent box of Cascarets to start your liver and bowels and your headaches will end.

TURN HAIR DARK

WITH SAGE TEA

Grandma kept her locks dark, glossy and thick with a simple mixture of Sage Tea and Sulphur.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we won't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair. Agents Hall's Drug Store.

Vacuum cleaners are finding a good market in Scotland.

GO TO CHURCH Above All Days Be Sure to Go on Easter Sunday

GO TO CHURCH EASTER SUNDAY.

Everybody should GO TO CHURCH at this time and thank God for his many blessings.

Churches throughout the country report that there is a revival of religion everywhere. The GO TO CHURCH MOVEMENT, which got such an impetus about a year ago, is still booming along. Let it might lose some of its swing there is now on a big renewal of the GO TO CHURCH slogan.

PRACTICALLY EVERY PERSON ONE MEETS WILL SAY THAT HE BELIEVES IN GOD. MANY ARE READY TO FIGHT AT THE MERE SUGGESTION THAT THEY ARE WITHOUT RELIGION AND FAITH. YET THESE SAME PERSONS WHO PROFESS PROFOUND INDIGNATION AT THE VERY THOUGHT THAT THEY ARE IMPIOUS, WHEN ASKED WHY THEY DO NOT GO TO CHURCH SHRUG THEIR SHOULDERS. THEY MAKE A LAME EXCUSE. OFTEN THEY OFFER NO EXCUSE. CAN ANY MAN WHO PROFFES FAITH IN GOD, WHO DECLARES THAT HE IS A BELIEVER IN RELIGION, OFFER A VALID REASON WHY HE DOES NOT GO TO CHURCH? IF A MAN WANTS TO WORSHIP GOD HE MUST GO TO CHURCH. THE CHURCH IS THE HOUSE OF GOD. THE LEAST ANY RIGHT THINKING MAN MIGHT DO IS TO SPEND A FEW HOURS WEEKLY IN GOD'S TEMPLE.

Let there be a fine renewal of the GO TO CHURCH movement in this community. If you GO TO CHURCH your duty is only half done. Get your neighbor to go. He will not resent your talk. BECOME A MISSIONARY. DO IT ADROITLY. Call his attention to the GO TO CHURCH movement. Speak to his wife, to his daughter. Everybody can be a missionary. Every church in the land should be filled to its capacity once the GO TO CHURCH movement gets its swing.

By all means—

GO TO CHURCH on Easter Sunday.

Go to church every Sunday.

Sunday school, 9:15 a. m. Morning service and sermon, 10:30 a. m. Singing of the Passion music, 7:00 p. m. Services during Holy Week, Tuesday, Wednesday and Thursday, 4:00 p. m. Good Friday, morning prayer and reading of The Passion, 10:00 a. m. The three hour service, 12:00 to 3:00 p. m. Easter Even. Baptismal service, 3:00 p. m.

Second Presbyterian.

Don D. Tullis, minister. Morning 9:15 Bible school. 10:30 morning worship and sermon by the pastor. Subject "If a Man Die Shall He Live Again?" This is the second of a series of four sermons on immortality. The subject will be treated in a way that will make it applicable to the

sermon and Holy Communion 10:30 a. m. Evening worship 7 p. m. April 4th. Holy Communion at Vanatta 10 a. m. and at St. Louisville 2 p. m.

Passion Music at Trinity Church.

On Sunday evening, Palm Sunday, the choir of Trinity church will sing a sacred cantata, descriptive of the final scenes in the life of Christ. The music was composed by Dr. J. H. Maunier, an English composer of great merit. The words for the most part are taken from Holy Scripture and relate the tragic events which occurred in the life of our Lord from Mount Olivet to Calvary. His weeping over Jerusalem, the signing of the New Commandment, the agony in Gethsemane, His betrayal, before Pilate with the horrible cries of the mob, the march to Calvary and the Crucifixion are all portrayed.

There will be a varied choir of forty voices with eminent soloists to render this work. The service will begin promptly at seven o'clock.

Maple Ave. Christian Union.

Sunday school at 9 a. m. Dr. A. Shawman, superintendent. Preaching at 10:30 a. m. subject "The Eternal Glory." 11:15 a. m. Prayer meeting at 2 p. m. Mrs. Lena Wood, pastor. Ralph Cox and Conat Burr led last Sunday, and will assist next Sunday. Preaching at 7 p. m. subject "The Kingdom and the Kingdom." Matthew 7:7. Tuesday 7:30 p. m. official board meeting. Wednesday 7:30 p. m. Y. P. C. E. prayer meeting. Friday 7:30 p. m. prayer meeting for Christians. The Christmas entertainment will be held at the morning

Bible student in the convent room
of the courthouse will be held on
Sunday instead of Saturday as was
stated in Friday's paper.

WORD

(Continued from Page 1.)
that the Alert, and the Navajo, have
hold of the lost vessel, divers de-
scriptions of the ocean bottom over
which the vessel must be drawn, the
rescuers learned of a sudden rise in
the ocean floor nearly fifty feet
high. This ridge forms the lip of a
submarine crater in which F-4 is be-
lieved to lie at a depth of 320 feet.
Although practically all hope for the
lives of the submarine's comple-
ment of 21 men had been aban-
doned, physicians and life saving ap-
paratus are on hand and tireless ef-
forts to resuscitate will be begun as
soon as entrance has been obtained
to the hull.

JAPANESE ADMIRAL
SENDS CONDOLENCES.
(Associated Press Telegram)
Honolulu, March 27.—Admiral
Baron Shigeo Dewa, returning to his
home in Japan, after a visit to the
United States, was a passenger on
the steamship Nippon Maru which
passed late last night near the place
outside the harbor where vessels
were attempting to raise the sub-
merged F-4. He was so affected by
the news of the accident that as soon
as he landed in Honolulu, he cabled
the following message to Secretary
of the Navy Josephus Daniels:
"Shocked to learn of accident to
submarine F-4. Please accept sin-
cere condolence; sad accident your
navy. Earnestly hope brave men in
ship be saved."

Jas. Linehan and W. M. Morgan
Investigate Cost of Producing
Electric Current In Newark

Editor of The Advocate:—As tax-
payers we are interested in the eco-
nomic administration of our city
affairs and the lowest possible tax
rate for the city, also the welfare of
the consumers.

Believing there has been too much
prejudice and sentiment in the dis-
cussions of the propositions as to
whether we should purchase current
of The Ohio Light and Power com-
pany or install the necessary machin-
ery, in connection with our city wa-
ter plant to produce current for the
city, we decided to investigate the
method of the sale of current by The
Ohio Light and Power company and
the cost of production of current by
large and small plants.

Through the courtesy of the pro-
prietor of the Sparta Confectionery
we were shown his plant and the
bills covering the cost of producing
current. The rates he paid The Ohio
Light and Power company for the
eight and one-half years he pur-
chased current from them varied
from 8-6 to 4-1-2 per kilowatt hour.
The latter price he stated was secured
because of persistent objections
to the high monthly current bills.

At the 4-1-2 per kilowatt hour
rate the cost of current to supply 50
lights and operate his fans varied
from \$20 to \$37 per month, current
for the operation of his ice cream
freezers from \$2.50 to \$3.00 per
month additional, making the total
cost for current for his place of busi-
ness from \$22 to \$40 per month. In
order to keep the cost of those fig-
ures he stated it was necessary to
have some one pay close attention to
the consumption of current and turn
off some lights when really needed.

He decided to install his own
plant. The Ohio Light and Power
company's representatives used al-

most every means to discourage him
from doing so, stating that it would
be an expensive undertaking and
that he could buy current from them
at a lower cost than he could pro-
duce it. He, however, installed his
plant at a cost for his engine and
generator, guaranteed for twenty
years, all complete for \$1500.

This plant has been operated over
two years and after paying the regu-
lar rate of 22-1-2 cents net for gas
and all costs of operation included,
he now produces current for three
times the previous number of lights,
150 in all, also operates his ice
cream, freezer, fans, organ and cash
register and without regard to econ-
omy in the consumption of current is
producing it at a little less than \$10
per month on an average. His sav-
ing for ten years by reason of instal-
lation of his own plant would be ap-
proximately \$2200. We discovered
that another firm of the same kind
was paying 8 cents at the same time
the Sparta was paying 4-1-2 cents
per kilowatt hour.

We learned that large plants that
are not encumbered with the over-
head cost of high-salaried officials,
all other costs included, as would be
the case with the proposed city plant,
produce current at a cost of 1-3 cent
per kilowatt hour.

We have heard so much about
the American Bottle Company, why
don't they say something about other
firms operating their own plants? We
would be especially interested in
learning the price current is furnish-
ed to the American Bottle company
for, under their contract.

In view of our investigation and
of the facts ascertained, we have ar-
rived at the conclusion that our city's
best interests will be conserved by
the adoption of the bond issue for the
installation of the proposed plant.

JAMES LINEHAN
W. M. MORGAN.

THE OPENING OF
SACHS AND ROSS
SATURDAY NIGHT

Sachs & Ross, dyers and dry clean-
ers, announce their formal opening
at 192 East Main street this evening
from 6 to 9 o'clock. This enterpris-
ing firm has had splendid success
in its work and has given great sat-
isfaction in all that it has done for
the public. At this opening the
patrons can see the plant in opera-
tion and learn just how their goods
are handled in the cleaning process.
Music will be furnished by the
Hawkins-Nutter orchestra and car-
nations will be given as souvenirs of
the occasion. Don't miss it. It

MAYOR'S PROCLAMATION
FOR CLOSING SALOONS
ON ELECTION DAY

According to Section 4841 of the
General Code of Ohio, three days
previous to and on the day of any
election the Mayor shall issue a
proclamation to the public setting
forth therein the substance of the
enactment to prohibit the sale of in-
toxicating liquors upon that day, and
he shall take proper measures for the
enforcement of such enactment.

Therefore, in pursuance of such
enactment, I declare that

TUESDAY, MARCH 30, 1915,
has been set apart as a day of Special
Election, at which election
there will be submitted to the qual-
ified electors of said city, the ques-
tion of issuing bonds of said city in
the sum of \$30,000.00 for the pur-
pose of constructing an electric light
plant in said city, all saloons and
places where intoxicating liquors are
sold shall be closed between the
hours of 5:30 A. M. and 5:30 P. M.,
and any violation of this proclama-
tion will be published as the law pre-
scribes.

R. C. BIGBEE,
March 27, 1915. Mayor.
3-27-Sat&Tues

NIGHT

(Continued from Page 1.)
dent of the Associated Press crossed
with the Cossacks.
A notable feature of the advance
was that all of Przemyśl was covered
with heavy clouds of smoke, loud de-
tonations continued, and it was evi-
dent that the Austrians were de-
stroying the remainder of their
ammunition.

In the meantime, and until even-
horses recently killed and still sad-
dled were seen as the Russians came
in.

Discussion of the terms of surren-
der occupied the entire day.
In the meantime, and until even-
ing, the sound of explosions from
within the fortress continued.
All day long soldiers straggled out
from the fortress without arms.
They were rounded up and taken to
Russian headquarters. No civilians
were permitted to enter Przemyśl
on the 22nd.

Buy's Cigar Factory.
Dennis Conklin has purchased the
cigar factory of Fred Bartlett in
Second street, who has conducted
same for a number of years. Mr.
Conklin will enlarge same and make
a number of improvements. He will
continue to specialize on the "Silk
Ribbon" and will give its manufac-
ture his special attention. Mr. Con-
klin is a hustler and no doubt will
meet with much success.

BIG FIGHT

BETWEEN JOHNSON AND WIL-
LARD POSTPONED UNTIL
MONDAY, APRIL 5.

Change Made at Request of Presi-
dent of Cuba, as Sunday is Holy
Easter Day.

(Associated Press Telegram)
Havana, March 27.—The fight be-
tween Jack Johnson and Jess Wil-
lard which was scheduled to take
place here on April 4, for the heavy-
weight championship of the world,
has been postponed until Monday,
April 5.

The postponement was due to a
request made by President Menocal
of Cuba. In a letter to the fight
promoters he said that great objec-
tion had arisen in Cuba and the
United States to the fight taking
place Easter Sunday, a holy day and
he requested that the event be post-
poned until the day following. A
meeting of the principals and pro-
moters was at once held and the re-
quest of President Menocal was ac-
ceeded to.

Americans here have been sur-
prised at the opposition in Cuba to
holding the fight on Easter Sunday.
The promoters were assured that at
least 5000 more people would at-
tend any day other than Easter.

The date originally was set for
Saturday, April 3, but it was chang-
ed to Sunday at the request of sev-
eral Havana associations.
It is evident that Johnson had
some inkling of this trouble over the
date, for he has slowed up his train-
ing noticeably in the last two days.
Both pugilists say the change will
not upset their training as they have
had a full week's notice.

Light road work was the only fea-
ture for the forenoon at the two
camps.

It is probable that Monday, April
5, will be made an unofficial holi-
day. Havana merchants and others
reciprocating in this manner for the
change in date.

On Rock of Common Sense

Editor of the Advocate:

This city is in debt something over a million and a
quarter of dollars. This debt is practically a lien or mort-
gage on the property located in Newark. The owners of
this property must eventually pay this indebtedness in
the way of taxes. I own property here and I feel that
the taxes at this time are too high and a burden.

I am opposed to increasing this indebtedness by issu-
ing additional bonds for anything which is not an abso-
lute necessity. An electric light plant is not a necessity
—especially in view of the fact that the city can un-
questionably buy current for its street lights much
cheaper than it can make it.

It is high time for us to begin to manage the business
affairs of this city, just as we would manage our own
private business affairs. It is high time for us to
abandon socialistic tendencies and theories and place
our feet firmly on the rock of common sense.

REGISTRATION WAS VERY LIGHT; 14 FIRST VOTERS

Registration Friday for the special election next Tuesday on the electric light bond issue, was very light. But 20 new voters were registered, of whom 14 will cast their first ballot, having recently become of age. Precinct B of the Fifth had three of the fourteen first voters.

Fifty-two transfers were issued in the various precincts. Election board officials were unable to account for the small number of registrations. Dopesters who have been guessing on the number of votes which will be cast at the Tuesday election, are hedging now on the theory that the light registration foretells a light vote or lack of interest in the question at issue.

The registrations by precincts were as follows:

25 Years Ago

who was also subjected to insults and blows, succeeded in sending to Selmas two messengers to ask prompt assistance from the Russian troops to save the lives of the Christians, whom the mission was not able to protect.

From Advocate, March 27, 1890.) The body of Mrs. Eliza Lloyd was taken to Zanesville this noon for interment.

Mr. John Kennedy, the popular and well known salesman at John McKenna's grocery, is the proud father of a bouncing boy.

The home of David Gamble in North Fourth street was slightly damaged by fire this morning.

Miss Mabel Swartz, who is attending the seminary at Granville, is home on a short vacation.

15 YEARS AGO TODAY.

(From Advocate, March 27, 1900.) Harley, the little son of Mr. and Mrs. William Sudberry, while playing in the barn, at his home, fell through an opening in the hay mow and broke his right arm.

Leo D. Bader, son of W. H. Bader, is recovering from a severe attack of measles.

John McNally of Buckingham street while sealing a car at the Everett glass works, slipped and fell, spraining his right ankle.

Fifty Years Ago Today.

March 27.

General Sherman arrived at Grant's headquarters at City Point, near Petersburg. His visit was for the purpose of conferring with Grant and the president, who remained at City Point.

General Sheridan, with his cavalry column from Shenandoah valley, joined the Army of the Potomac at Petersburg.

Cady's troops began a siege of Spanish Fort, Mobile.

Twenty-five Years Ago Today.

Tornadoes swept over Kentucky, Indiana, Illinois and Tennessee; 100 killed and hundreds injured in Louisville.

RUSSIAN SUCCESS IN CARPATHIANS IS STILL REPORTED

(Associated Press Telegram) Geneva, via Paris, March 27.—Dispatches received by Swiss newspapers continue to emphasize the success of the Russians in the battle which is still in progress in the Carpathians. The struggle in Ujoh and Luplow passes, on March 23, is said to have been particularly desperate with heavy losses for the Austrians.

Sanguinary encounters also are reported on the banks of the Dniala (in Galicia) and Bukovina, where the Russians are said to have been repulsed with losses placed at 8,000 killed, wounded and missing.

The Russians are credited with successes all along the line of the Pruth (in Galicia and Bukovina), where they dislodged the Austrians from their strongest positions.

SUPPLIES WILL BE TAKEN TO RUSSIA IN AMERICAN SHIP

Seattle, Wash., March 27.—Because of Russia's urgent need for supplies, machinery and transport equipment, the steamship Minnesota will sail for Vladivostok, Siberia, on her next trans-Pacific voyage. It was announced here today. Although the Minnesota will not leave here until May 29, large shipments of foodstuffs, cotton, machinery, steam shovels and automobiles have been booked.

Turkish Consul Who Led Attack On Americans

Mehmed Rashid Bey.

Mehmed Rashid Bey, Turkish consul at Yumbun, in the most eastern district of the war zone, Turks and Russians are struggling, led an attack on Americans at the place. He was at the head of seventy Turks who sacked the American mission about which 15,000 Christians had taken refuge. The consul ordered thirty soldiers and 100 camels to leave the mission, and as they were passing through the streets they were insulted and mercilessly beaten. In the courtyard of the orthodox mission a church was erected.

An American missionary, Mr. Allen

Editor of The Advocate.—Repeat- edly the statement has emanated from both "Citizen" and our editors, that the Ohio Light & Power company will furnish current at a price less than fuel cost at the city plant. It is simply astonishing that men of general good business capacity will continuously make these statements, when the fact is that they have been challenged to prove this assertion, and studiously avoid the issue of the fact. How any sane man can conceive that a plant cannot be operated economically, when all they have to furnish is the fuel, oil and some minor items of expense is hard to understand. The facts are that operated at the water works there will actually be no labor required over and above that already employed in the operation of the plant.

Neither do they tell you that the total cost of current will be what the current is bought for. How about a man to watch at night at the plant? Can any one conceive that a switchboard and regulators can be operated without some one there to see that everything is taken care of? And who is to pay him? Is not his salary an additional expense to the city? What is going to keep the regulators up to the required temperature during cold weather? Is that not an additional expense? Is your station to be left unprotected without insurance? Would that not be an additional expense? Does any one expect the building that houses these regulators and switchboard will never need any repairs during the ten years of the contract? What would this up-keep be chargeable to, except the cost of current? That is where all of such items have been charged, and must be in the future. Heat and light must be provided for seven months at least. And will not your current cost you \$12,565.61 instead of the less than fuel cost of \$6,985.42. Don't ever think that you will get through with \$4192.85 for any Service Director that would give such measly light service would be hooted off the job. Just think what 2190 hours means, only an average of six hours per night of light. When in the month of December and January have been in the habit of receiving as high as thirteen and three-fourths hours of light, and the shortest day in the year runs seven hours. You have averaged in the last four years 3493 hours, and will you not concede that there has not been enough light in the past, then

why think of such proposition, is it not only for the purpose of stating that because it has been said that the gas would have cost about \$5000.00 in the last years, that this is done to say, that \$4192.85 is cheaper than fuel cost. But is it the same service that you are receiving? Absolutely not, then why use it, only to deceive. Are not these the tactics usually resorted to?

Now you are clamoring for more light, this has not been touched by "citizen" because should you want 200 more lamps you would see larger figures loom up, and your little bill "less than fuel cost" will be \$9,129.42 per year of 3600 hours, and proportionately higher should you happen to run 4000 hours per year. "Hitner" the much quoted "Engineer" bases his coal cost at 6 pounds per kilowatt and therefore his coal cost would be \$3939.84, if Hitner is right once, he is right twice, therefore "citizen" must accept his figures and what becomes of that "less than fuel cost" such much heralded by all the exponents of purchasing light? It is then \$9129.42 instead of \$6,985.42 and \$5,199.58 GREATER THAN FUEL COST.

REMEMBER THAT HITNER THE ENGINEER FIGURED ON OPERATING THE PLANT 330 HOURS PER MONTH OR 3960 HOURS PER YEAR. IS IT NOT EVIDENT TO YOU HOW THIS DECEPTION IS BEING PRACTICED BY REPEATEDLY REFERRING TO THE \$4192.85 or a 2190 HOUR SERVICE AS A COMPARISON. AND FURTHER THAT HIS FIGURES COVER 200 MORE LAMPS THAN USED AT PRESENT.

CITIZENS COMMITTEE.

REVENUE CUTTER INVESTIGATING A JAP WAR VESSEL

San Francisco, March 27.—The United States revenue cutter McCulloch was ordered late last night by J. O. Davis, collector of the port, to proceed to Monterey Bay, Calif., to investigate the presence of the Japanese cruiser Chitose, which put into that port with all lights extinguished.

It was reported that the Citose appeared at Monterey acting as a convoy to the tug Sea Rover, bound for Turtle Bay, Lower California, where with two barges, the salvage work of the wrecked Japanese cruiser, Asama was to be attempted.

ARMED GUARDS CLOSELY WATCH PRINZ EITEL

NO ONE ALLOWED TO APPROACH GERMAN CRUISER NOW AT NEWPORT NEWS.

Garrisons at Fortresses Monroe and Wool Played Searchlights About All Night.

(Associated Press Telegram)

Newspost News, Va., March 27.—With armed guards on her pier and aboard her, ready to challenge any one approaching without a pass, the German auxiliary cruiser Prince Eitel Friedrich still was tied up at the local shipyards early today, despite last night's persistent reports that Commander Thierichens had been ordered to leave by midnight or to be interned for the war.

The garrisons at Fortress Monroe and Fort Wool kept vigil, and searchlights were played over Hampton Roads and Chesapeake Bay until day broke. The gun and mine companies were held at their posts, and bicycle parties rode up and down the beach but the three destroyers which appeared last night off Old Point were not in sight this morning and no one was found who would say that he saw the three foreign warships which were reported to have ventured within Virginia waters late yesterday.

Out of last night's mass of rumors and scenes of unusual activity two facts stand out today. The Prinz Eitel Friedrich has not made a dash for sea and neither has she been interned.

BATTLESHIP FIRE SILENCED BATTERY POSTED ON SHORE

(Associated Press Telegram)

Paris, March 27.—It now has been established that the forts at Dardanelles have been destroyed and those at Kilid Bahr seriously damaged by the operations of the allied fleet in the Dardanelles, says a Havas dispatch from Athens, dated Friday.

Sailing ships engaged in mine sweeping were fired upon by Turkish field artillery posted at Ereknok but the batteries are said to have been silenced by the fire from two battleships.

According to a dispatch from Mytilene, three British and two French warships have anchored in the Gulf of Smyrna with transports.

Russia is making great efforts to develop unproductive parts of the Caucasus by preventing river floods and increasing irrigation and canal construction.

NOTICE OF APPOINTMENT. Estate of Franklin G. Meigs, deceased. Jesse M. Meigs has been duly appointed and qualified as executor of the will of Franklin G. Meigs, late of McKean county, Ohio. Dated this 24th day of March 1915.

ROBBINS HUNTER, Probate Judge.

Cost of Current

Editor of the Advocate:

I see by yesterday's Advocate that it cost the city of Columbus to produce current at the plant or switchboard as follows:

In the year 1911 2.14 cents per K.W.H.
In the year 1912 2.14 cents per K.W.H.
In the year 1913 2.48 cents per K.W.H.
In the year 1914 2.11 cents per K.W.H.

The flood accounts for the increased cost in 1913. These cost figures are most significant. Columbus has a large modern plant. It would undoubtedly cost Newark at least 2.5 cents per K.W.H. to make current. We can buy current for 1.1 cents per K.W.H. We can buy it for less than one-half of what it would cost to make it.

It should not be difficult for the voter to decide that the only thing to do is to buy the current.

NORTH END.

BLIND ADVERTISEMENTS

What is a "Blind Advertisement"? A sample of a "Blind Advertisement" is here reproduced:

Young man to work in store and drive delivery wagon; good character, and good habits; reference required. Box 5233 Advocate.

There are several different ways of running "Blind Advertisements." They are frequently used as above. The Advocate has a little Post office of its own using box numbers that do not conflict with those used by the U. S. Government.

Some times these "Blind Advertisements" are made to address "A. B." care Advocate or "Railway" care of Advocate.

We may state for the information of the general public that the Advocate knows nothing concerning these advertisements and the quickest way to get results is to address a letter to the Box number, or the letters given, just as if you were writing to some person living in Cincinnati or some other city.

Be sure to place a two cent stamp in the upper right hand corner of the envelope and address it just as if you were going to send it to some friend in another city, drop it in the nearest mail box and Uncle Sam will do the rest.

Box 5233
Care Advocate
Newark, Ohio

When your reply is received at the Advocate office it is immediately placed in the proper box if it has a Box number and the owner of that box calls for his mail just as he

would were he going to call for mail at the Post Office.

Why are "Blind Advertisements" used? Because the person inserting the advertisement has some particular reason for not using his street address, phone number, or name. That is the reason they are called "Blind Advertisements."

Are they used much? Well just watch the classified columns of the Advocate. They get results or people would not use them. 3-24-31

MANSLAUGHTER CHARGE AGAINST 11 YEAR OLD BOY

(Associated Press Telegram) Clinton, Ind., March 27.—Samuel Muscish, an eleven year old boy, will be arraigned here next Monday to answer to the charge of manslaughter. The boy is accused of shooting and fatally wounding a 10 year old playmate on March 21. He says the shooting was accidental.

SPECIAL TO WOMEN

The most economical, cleansing and germicidal of all antiseptics is

Paxtine

A soluble Antiseptic Powder to be dissolved in water as needed.

As a medicinal antiseptic for douches in treating catarrh, inflammation or ulceration of nose, throat, and that caused by feminine ill health has no equal. For ten years the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been cured say it is "worth its weight in gold." At druggists, 50c. large box, or by mail, The Paxton Toilet Co., Boston, Mass.
